

DEFENSE IS STRONG ON ALL FRONTS

BRITISH AND FRENCH TROOPS ARE HOLDING THEIR OWN AND HAVE MADE SOME ADVANCES.

MANY FALL IN BATTLES

Characterize Engagements As of Unheard of Ferocity—German Casualties to Increase.

[BY ASSOCIATED PRESS.]

London, March 28.—By a brilliant dash of sniping, the French troops this morning made a counter attack upon the German lines near Noyon and drove them back along a ten kilometer front to the depth of three kilometers and now hold their advanced position.

Baker in Paris.

Paris, March 28.—Secretary of War Baker has arrived in Paris, reaching this city from London.

Clinton Advances.

Berlin, March 28.—Official reports claim that the Crown Prince army has during its drive penetrated the British line for thirty-seven miles from St. Quentin and has captured Mt. Dider.

Striking with almost unexampled fury and dash the allied front near the point where the French and British lines connect, the Germans yesterday last night drove a deep wedge into the west and forced the French out of Mont. Dider, ten miles west of Soissons, which the Germans took Tuesday. The threat against Amiens seems to be well held by the British about their front north of the Somme where they have maintained their line intact at the Noyon and La Signe region and along the Oise to the east the French are likewise preventing the Germans from getting an opening.

Fierce Fighting.

The first of their drive was thus diverted to the west of the Roys region and the push there developed probably the fiercest fighting of the present battle. It is characterized as "unheard of ferocity." The French regiments made the Germans pay dearly for every bit of ground they covered in their push for an outlet. The French finally retired in good order to the heights west of Mont. Dider. News reports from this sector reported a long line of tanks to be in full swing.

Pushed along the front of more than 50 miles except at two points the German drive is fast slowing up. The beginning of the second week of the great battle finds the British and French holding to the western edge of the old Soissons battle field inflicting further loss on the enemy.

Counter Attacks.

British counter attacks began in the region of Albert, which the Germans hold and from which they have been unable to advance because of the resistance of the British south of Albert. Marshal Foch delivered his counter attacks and advanced his line eastward between the Somme and Aisne about one mile. South of Soissons the British have regained Tacyre and have repulsed strong attacks at Poselus.

Some Advances.

North of Albert the British threw the Germans back across the Aisne and drove them from two towns between Albert and Monchy. On this front the British have repulsed strong enemy efforts at other points. On the southern front the French have held the Soissons advance west of Noyon at La Signe. The French recited slightly toward Mont. Dider, being overwhelmed by superior numbers.

German Progress.

The note of pessimism in the published statement of German leaders since the failure to break through and roll an encircled portion of the British line is added by German official line as follows, the last of which says that:

"German attack is slowly progressing." German casualties are estimated between 300,000 and 500,000 and it is reported long hospital trains are pouring into Belgium and Germany over all available railroad lines. On Sea and Land.

On sea as well as on land the German offensive last week was much stronger. Enemy submarines and destroyers accounted for 28 British ships, most of more than 1600 tons. The total is greater than for any week since Sept. 29. French and Italian losses also increased somewhat and the aggregate for these three merchant marines was 37.

In American Sector.

Heavy aerial fighting continues on the American sector southwest of Poitiers but no infantry action has developed. What was believed to be German preparation for an attack was checked by heavy bombardment, the German troops not leaving the trenches. There is much activity behind the German line but they have not shown what it portends. There has been no change on the Luneville front.

In Palestine.

In Palestine British troops have captured Nesirot south of Mt. Gilعاد and are approaching the Hedz rail road east of Jericho. The railroad has been the Turkish base in operation east of Jerusalem.

Allies Holding.

British army headquarters in France, March 28.—News received from the extreme right wing is that the allies are doing well, this refers to the southern sector where the French have been falling back near Bourg and Hesdin the enemy attacking heavily. Severe fighting follows.

This morning it appears the village of no-man's-land with the contending lines driven out on either side. Hard fighting occurred at several points along the battle front in consequence of early attacks. The latest report is the British have kept the situation well in hand.

Trifling Gains.

London, March 28.—In the last twenty-four hours the Germans have made but one comparatively trifling gain as result of numerous attacks along the whole front save a Rauter's correspondent at British headquarters. For the British there may be claimed several distinct

successes whether in complete repelling the enemy blow or in wresting back ground won by counter attacks.

Hard to Hand Fighting.

Paris, March 28.—Blocked on the La Signe and Noyon fronts and on the left bank of the Oise the Germans last night threw forward important forces in the region of Mont. Dider, the war office announced today, here the fighting took extraordinary ferocity.

French regiments fought hand to hand with the enemy and inflicted heavy losses. Finally the French fell back to the lines immediately to the West of Mont. Dider.

Washington, March 28.—American state officers studying closely the war map and latest dispatches from the battle front, are of the opinion that developments of moment in the allied front will begin to show on the battle field today or tomorrow.

Capture Prisoners.

London, March 28.—Prisoners and machine guns have been captured by the British, the war office announced. The fighting continues fiercely on both banks of the Somme. This morning the enemy opened a heavy bombardment on the British defense east of Arres. An attack is developing in this sector. Repeated attacks were made by the enemy along the valley of the Somme in neighborhood of Beaumont Hamel, Puisieux and Moyenneville. They were repelled.

Widened Line.

Reference in official British statements to attacks east of Arres evidently mean the Germans have widened their battle front and are delivering new strikes on the north.

Second Stage.

The attacks which are developing today may mark the beginning of the second phase of the battle. German military writers have been hinting at surprises in store for the British and there has been much discussion of the possibility of a German drive for the coast with the channel ports, Chaleux and Dunkirk, as objectives.

Praises Americans.

Paris, March 28.—Entirely new in this warfare, the Americans worked like the best veterans in the battle of the Somme, said a wounded French captain who has been brought back from the front, according to La Liberte.

Three officers and eleven men of the U. S. army ambulance corps have been decorated with the war cross by the French government.

Heavy Bombardment.

The German artillery this morning put down intense bombardments along the front between Achelles and the town of Lons-le-Saunier, but up the Souche river (south of Lons) but up to the time of the firing of this dispatch at 10 a. m. no infantry action had been reported.

The Germans made several assaults near Bissigny wood, but on each occasion were driven back. Near Sainct Lorette another sharp engagement occurred and here also the British maintained themselves and secured prisoners. The Germans are still advancing and along the Noyon and La Signe region and along the Oise to the east the French are likewise preventing the Germans from getting an opening.

New German Weapon Product Of Krupp Factory At Essen

[BY ASSOCIATED PRESS.]

Amsterdam, March 28.—The gun with which the Germans are bombarding Paris is a product of the Krupp works at Essen. Emperor William has sent a telegram of thanks to Dr. Krupp von Bolen and Balbach, head of the Krupp works. The telegram reads:

"By the bombardment of Paris from a distance of considerable more than 100 kilometers your new gun has brilliantly stood the test. By the manufacture of the gun you have added new page to the fame and history of Krupp. I therefore express my imperial thanks for the achievement of German science and labor."

British officials are already fully advised as to the situation here and know that the German government is devoting every resource to get men to the front and has hope of placing a force of a million men in the field during the present year.

It was regarded as probable Lloyd George's message was calculated to reach the men in the ship yards and munition plants and picture the urgency of haste on their part. The rate at which troops are expected to go forward is largely dependent upon the speed with which ships are turned out.

Secretary Baker is in London and has conferred with Lloyd George and other British officials to whom he has been able to explain his problems in the great struggle. Officers here have been apprehensive of the attitude of complicity on the part of the country at large. Lloyd George's call may help, they hope, to bring realization of the urgency of our cause home as other appeal might do.

TO MAKE PROBE OF ASYLUM CONDITIONS

SUPERVISORS PERRIGO, PAULSON AND DREW FORM SPECIAL COMMITTEE WHICH WILL MAKE A THOROUGH INVESTIGATION.

FIRE RISK IS GREAT

Pumping and Lighting Systems Will be Studied.—Supervisor Perrigo Barres Existing Conditions Which He Says Are Costly and Inefficient.

Affairs at the county insane asylum and home for the poor are going to receive a thorough investigation by a special committee of supervisors appointed for that purpose, which will work in conjunction with the board of trustees of the asylum. Monday has been set as the day for the investigation and the committee is planning to make it a complete one and put to an end at once all criticism of the institution.

The matter of lighting and pumping system at the establishment has been hanging fire for many months and resulted in the decision to make the probe of conditions there at the meeting of the board of supervisors yesterday afternoon. Supervisor W. S. Perrigo of Elkhorn brought up the matter at the meeting when he told of a survey he had made of the place together with a competent electrical engineer. He put forth in a clear and precise way the existing conditions, told of the inadequacy of the fire protection and of the poor system of heating and lighting, and suggested modern and complete equipment be installed and recommended actions which were undertaken and came from a man well able to study such conditions and state the proper and most efficient remedies.

"Becoming interested in the matter of the existing lighting bills at the asylum," said Mr. Perrigo, "at the time it was brought up at our last meeting in January I made a very light proposal to go to a pump on this current. It was necessary to operate a motor generator to change the alternating current furnished by the Jamesville Electric company to direct current. The pump had been changed the day before to operate on alternating current, thus eliminating the motor generator, and effecting a saving in electric bills of forty to fifty dollars every month."

One of the items of expense which is enormous and unnecessary is the burning out of the electric lamps. This is caused by the fact that the lights and pump are operated on the same current and when the pump is running the voltage in the lights fluctuates, causing them to burn out suddenly. We tested this situation and found we could run 100 watts to 10,000 watts 33 times a minute. I recommend that the motor load and the lighting load be placed on separate circuits to reduce the lamp expense.

"Another recommendation which I want to make is to change from the 200 volt current used at the present time to the 110 volt system. This would mean an additional cost and would make another saving, insomuch as the 110 volt lamps are standard and are much stronger. It is very difficult to buy 220 volt lamps in a city of this size because the dealers do not handle them.

"At the asylum there is a generating plant which should be operated during the winter months to supply the institution with electricity. The other four months it would be better to get the current from the electric company.

The water system is most unsatisfactory. The pump in use at present is an antiquated outfit which never can be made to work properly. It operates after fifteen or twenty minutes to take several hours longer to fill the tank than the old pump which operated on a twenty-four inch stroke. The pump is in poor condition now and never has done the work as it should. The crank shaft and connecting rod are bound and I recommend that the county install a new one and refuse to pay for the old one because it has not fulfilled its guarantee.

The fire protection is inadequate. There is a 40,000 gallon tank which in case of fire would be used to quench it. Two leads of hose operating for only one hour would completely empty the tank and if it were a bad fire there would be nothing to do then but watch it burn. This outlet is a geyser which a fire could be fought all night. For this reason I suggest that another well be dug outside and a pump installed. The

YOUNG MAN IS HIT BY AN AUTOMOBILE

The Driver Did Not Stop to Ascertain the Extent of Injuries Inflicted.

That Janeville numbers among its automobileists a man who is both reckless in regard to lives of the people and inhuman was illustrated yesterday forenoon, when a large automobile driven by an unknown person ran into Alfred Wandell, 16, of Center street, at Center avenue and School street, and then refused to stop to ascertain the extent of the injuries inflicted.

Wandell is an employee of the Western Union telegraph office, and while riding up Center avenue on his bicycle past the scene of the accident, and an unknown automobile which was going towards the five points on Center street, suddenly stopped to turn to the left side of the street in order to pass a man, whom he was ahead of it, and so doing hit young Wandell, hurling him to the gutter and knocking him semi-conscious. The auto driver then put on more speed and disappeared around the five points.

According to the doctor, Wandell escaped easily with a slight cut on his wrist and a severe shake-up. The bicycle was entirely demolished. An accurate description of the automobile could not be given, as Wandell was too dazed for some time thereafter to obtain a good description.

PHYSICIANS AND DENTISTS GATHER

Members of Rock County Medical Association and Rock County Dental Society Meet at Boeit.

Ninety Rock county doctors and dentists, members of the Rock County Medical Association and the Rock County Dental Society, met in the room of the Y. M. C. A. at Boeit on Saturday evening in joint session. A banquet was held at 7 o'clock, prior to the meeting.

The program was given by Dr. H. H. Andrews of Chicago, who addressed the audience on "Reflexes and Referred Sensations in Connection with the Fifth Nerve." The doctor also gave a descriptive clinical case illustrating what can happen to the body when a nerve is injured.

The following doctors from this city attended the meeting: Munn, Lintelman, Holzapple, Whiffen and Powell.

BOTH SIDES IN HOG CHOLERA CASE PLAN FIGHT TO A FINISH

Testimony in Case of Associated Farmers Co. vs. Fred Wobig Begun This Afternoon.—Will Be Hard Fought Throughout.

Testimony was taken this afternoon before Judge Grimm in circuit court in the case of the Associated Farmers Co. vs. Fred Wobig. The suit was brought about by the plaintiff to recover \$1,600, which it is alleged is due for a consignment of hogs sold to Wobig. The defendant admits receiving the hogs, but has entered a counter claim for \$8,500 because he claims the entire group was infected with hog cholera and died shortly after it received them in the intention to turn his pigs over to the defendant. His hogs also became infected with the disease and many of them died as a result. In consequence Wobig considers that he does not owe the company anything but that it is indebted to him for the big loss which he asserts was the direct result of the company shipping him cholera-infected hogs.

The whole afternoon was consumed in the taking of testimony and it is probable that the case will continue all day tomorrow and possibly Saturday morning. O. E. Oestreich is appearing for the plaintiff while T. S. Nolan is representing Wobig. The beginning of the case this afternoon is sufficient to prove that the suit is to be hotly contested by both sides. Wobig intends to fight the case to a finish and the attitude on the part of the company seems to be the same.

Judge Grimm will no doubt settle the matter in the end in a way which will be satisfactory to both parties. The case is considered so important that it was originally scheduled for trial by a jury, but both sides have waived the jury, having confidence that the judge's decision will be fair and just.

In a hard fought divorce case yesterday afternoon which lasted for nearly four hours, Judge Grimm finally granted Phoebe Alverson a divorce from Stewart Alverson on the grounds of habitual drunkenness and the defendant to pay five dollars per week alimony. He also gave the plaintiff the custody of the children. The judge held that the argument of infidelity advanced by the defendant was unfounded.

POLICE HALT PARTY; OFFENDERS IN COURT

Merry Time at the European Hotel Is Brought to a Quick End by Arrival of the Police.

The timely arrival of officers Jay Hymer and Lorenzo Cain at the European hotel yesterday afternoon at five-thirty o'clock broke up a merry party which was in progress there and resulted in the arrest of three men and one woman who were the participants. All appeared in the municipal court this morning and were given stiff sentences by Judge Maxfield.

James Grogan, who was in on the party but who escaped before the officers arrived, was arrested later at one of the depots. He was arraigned on the charge of drunkenness and being a vagrant, and was given ninety days in the county jail. Harold Peterson was fined \$15 and costs or thirty days in jail. Charles Harris at first entered a plea on not guilty but was convicted on the evidence given by the arresting officer and was fined \$25 and costs or thirty days.

Mr. and Mrs. William Grady, the other two members of the party, were also sentenced. Mr. Grady, drawing ten days flat and a fine of \$1 or thirty days in jail. Mrs. Grady was fined seven dollars and costs.

SOLDIERS WILL BE THE GUESTS OF CITY

Soldier Boys Will Arrive in Janeville Early Saturday Morning—Will Stay Fly Hours.

Saturday morning Janeville and the Janeville Y. M. C. A. will be the hosts of sixty-seven young men who are on their way to Camp Grant. The boys will come from the northern part of the state around Superior and Grantsburg. They will arrive in the city early Saturday morning and will be served a breakfast at the Y. M. C. A. and later will be entertained for the few hours they spend in the city.

J. T. Fish is skirmishing around for automobile owners who would like to have their cars cleaned and the city will show them the signs for an hour or so. All persons who are able to drive the boys around the city are requested to be at the Y. M. C. A. at 8:30 Saturday morning.

Mr. Bearmore plans to meet the boys at the station and escort them to the Y. M. C. A. He said today that all cities in the country are treating the boy scouts royally, and that the various camps, and that Pittsburgh has so far taken the lead for munificence in entertainment.

AUTOMOBILE DESTROYS STREET CROSSING SIGN

In attempting to turn the corner of Milwaukee and High streets last evening an unknown auto struck the crossing sign and completely demolished it. The driver at the time of the accident was not going very fast. When the auto struck the sign the red lantern flew several feet in the air and exploded. The lower part of the sign was caught in the car and dragged for several feet before the driver stopped the car and untangled the sign. The name of the driver is not known and no one got the license number. It is said that he was driving a Buick car.

BOYS PLAN TO GO TO CLEAR LAKE AND BACK VIA BICYCLE

Spring now has its hold on all the young fellows in Janeville, according to A. C. Preston of the "Y" who has made arrangements for a bicycle trip to Clear lake this afternoon in order to take some of the surplus of the spring out of the system. The boys plan to leave at 7 a.m. after a short break and return about six-thirty this evening. A wiener roast is also planned for this trip and other "roastings." Mr. Preston plans to have a trip of this sort every Saturday morning in the future.

WEBER AND WOLCOTT STAGED CLASSY STAGE LAST NIGHT

Weber and Wolcott, two valley ball snappers, met at the Y. M. C. A. last night in one of the most exciting valley ball games ever witnessed in the association floor. Wolcott's Bobcats took two of the three games staged, but then only after a hard tussle.

Save The Shipping

by using home-made products instead of imports.

If you are a coffee drinker you need not deny yourself a rich, coffee-like cup.

Instant Postum

is made in America and provides a delicious drink, really superior to coffee because free of the coffee drug, "Caffeine."

At Grocers Everywhere

Natural Gas.

Natural gas is probably formed in the earth by a process of natural distillation from the animal and vegetable remains of past geological epochs, and is nearly the same product as is distilled from coal in the retorts of gas factories, only instead of the heat of fires the internal heat of the earth, aided perhaps by chemical decomposition, has caused its formation on a magnificent scale.

Only One Old Jewish Fast.

One fast only was appointed by the old Jewish law, that on the day of Atonement. No other periodical fast is mentioned in the Old Testament except in Zechariah 7:1-7, and 8:19. The number of annual fasts in the present Jewish calendar have been multiplied to 28.

WATER CONTINUES TO DECREASE RAPIDLY

Rock River Has Receded Half Inch Since Wednesday Evening—Buildings Will Soon Have Fire Again.

Rock river is declining rapidly and at this present rate it will only be a few days until all the stores in the downtown district will be able to have fires again. The water decreased half an inch during Wednesday evening and reports came in at the electric company from Indian Ford, Fulton and Port Atkinson all state that the water is receding.

The Janeville business college has been forced to hold school in the Terpsichorean hall owing to the high water at the boiler in the Central hall building on Milwaukee street having under several feet of water for several days. Occupants of the building have been forced to work with their overcoats on. The advertising sign in the rear of the Wells Fargo Express company is gradually being washed away and unless the water recedes rapidly the sign will be demolished.

DAYLIGHT PLAN IS FAVORED BY WOMEN

LOCAL LADIES HEARTILY IN FAVOR OF SETTING CLOCKS AHEAD—WILL GIVE THEM MORE DAY-LIGHT.

TO BENEFIT HOUSEWIFE

Ladies Will Have More Time After Work Is Finished to Spend in the Sunlight.

(By Albie Helms.)

That the daylight saving plan is heartily endorsed by the women of the nation can not be doubted by one who takes the trouble to inquire of them on the subject. They are all veritably "up and coming" in the early hours of the morning and have been in the habit of doing their cleaning and many hard tasks before the lot of women while the rest of the family have been taking the forty winks in bed. Now the housewife figures that if by this innocent deception she may be able to get up the aforesaid family to an earlier breakfast, she may be able to get all the morning work done before the rest of the day.

Anyone who knows takes time to take the matter over, that an hour in the early morning, when the day is young, counts for two hours after the noon-day heat has taken the vigor from the tired worker.

The fact of the matter is that whenever it has been tried it has not been by voluntary agreement of the people they have always wanted to continue it. Some people seem to think that this matter is a conspiracy to get another hour of work out of the poor working people. As one poor man remarked: "I work all day, I hate to have to put in another hour." That is just the sort of thing the daylight plan is designed to remove. To utilize the early hours of the day that the later ones may be turned to account either in leisure, or some other kind of occupation.

A farmer's wife who gets up by the sun, has little need for clocks and will find her routine but little disturbed by the new schedule. But in the city life with its complicated arrangements there will be another hour of activity snatched from daylight, and also another hour added to the quiet hours of sleep.

With the extra demands made on everyone at this time, this is no small item in the day's affairs. The housekeeper, especially, seems to look on the scheme with favor. She realizes that this extra hour of work by daylight is by just that much to the time of normal working conditions and gives that much more time to the later afternoon when these things count. The women are already planning what to do with that extra hour of daylight. It means the time for canning for garden work, and for all the other tasks that were time conditoris ental. And it means also co-operation in family life, which was not possible when there were so few hours when the family could be free together. It means little picnics after father gets out at four o'clock, with luncheon eaten together on the river bank. It means hard work in the sun, and goes with the children doing little jobs to help out. After all, it is the "main push," the children are delighted to help, and mother is the foreman of all the work.

The housekeeper realizes that forces must be utilized as never before in this drive to grow food stuffs. The plan is for all families to grow what vegetables they can utilize for food during the summer, and use enough vegetables that will last them for winter.

In a small community like Janesville this can be done in many instances, and the women feel that it is up to them to see that that fact is made possible. In most cases the women of this community are taking their responsibility very seriously. When they promise, as they have several times, to do everything possible to help with this, they do it, and a solid obligation to do it. And they are beginning to feel that they must conserve their strength in every way possible, and must lay out their time to accomplish things in the easiest way.

This plan of daylight saving seems to the house mother a simple and practical solution of part of the difficulty in that it gives the extra hour of time when it is needed, and gives the woman more of rest during the early night.

The employed girls of the city seem to be especially pleased with the idea of the change. The hour of the morning is of no special use to them, but the extra hour after the early closing time can be utilized in getting to school and in various pleasant diversions. It will make a welcome change during the hot days of summer. Then it makes quite an available time for sewing and the doing of various repairs to one's wardrobe which are essential. One can hardly plan to do much with the scant hour after five o'clock, but with a good two hours before anyone must leave, many things are possible. And the change in long walks in the evening of restful changes of occupation seem quite alluring.

As far as the school children are concerned they will see no change unless they get accustomed to the novelty of it. They will simply get through their studies an hour earlier and have more of the evening hours after the school session to enjoy outdoor occupations. And more and more children of the community are being trained in the idea, that they must do their part to help win the war. The boys of sixteen years and over are being urged up to help in the agricultural work and the girls also are being asked to help with the home projects. That means that the younger children must help also. With careful supervision and short hours this outside work will hurt none of them, but will increase their sense of responsibility and give them an idea of their usefulness as a member of the home. Just now there is need of every boy who can do out-door work to clean up the yards of the city and take the lawns. This is a patriotic duty and should be undertaken by them in that spirit.

The economic view of the daylight saving especially appeals to the canny housewife, who knows that the extra hour or two of lighting eliminated by this means will be quite an appreciable amount on the monthly bill for gas or electric light. An hour a day does not mean much, but thirty hours a month means a goodly sum saved in illumination. And in several hundred homes in the community, means quite a sum saved in fuel for the nation. This scheme is unique. In that it requires no outlay of money, no time and no extra work, and if it does what its advocates seem to think it will, it will be a project well worth while.

AVALON

Avalon, March 27.—The many friends of Mr. and Mrs. A. Edge are looking with them on the receipt of a letter this morning from their son, George, who is somewhere in France, in which he is in good health, and who only sick a day or two on the day after which he enjoyed the great relief. Although he wishes to return to home and see the home folks, yet he would not miss the experience he had for a great deal.

Mr. and Mrs. M. Kettleson are entertaining company from Chicago.

Mrs. C. E. Smith of Beloit is the guest of her parents, Mr. and Mrs. J. T. Boynton, for a few days.

At the camp of the Girl Scouts work went on for the month of December one item was accidentally omitted, that of twenty-three girls' union suits which were sent in with the other articles.

George Packard of Janesville did piano tuning in this neighborhood last Tuesday.

W. W. Taylor of Kansas has been the guest of his sister, Mrs. E. W. Hanson.

Mrs. Stewart, who was threatened with pneumonia, is on the gain.

(By Albie Helms.)

That the daylight saving plan is heartily endorsed by the women of the nation can not be doubted by one who takes the trouble to inquire of them on the subject. They are all veritably "up and coming" in the early hours of the morning and have been in the habit of doing their cleaning and many hard tasks before the lot of women while the rest of the family have been taking the forty winks in bed. Now the housewife figures that if by this innocent deception she may be able to get up the aforesaid family to an earlier breakfast, she may be able to get all the morning work done before the rest of the day.

Any one who knows takes time to take the matter over, that an hour in the early morning, when the day is young, counts for two hours after the noon-day heat has taken the vigor from the tired worker.

The fact of the matter is that whenever it has been tried it has not been by voluntary agreement of the people they have always wanted to continue it. Some people seem to think that this matter is a conspiracy to get another hour of work out of the poor working people. As one poor man remarked: "I work all day, I hate to have to put in another hour." That is just the sort of thing the daylight plan is designed to remove.

To utilize the early hours of the day that the later ones may be turned to account either in leisure, or some other kind of occupation.

A farmer's wife who gets up by the sun, has little need for clocks and will find her routine but little disturbed by the new schedule. But in the city life with its complicated arrangements there will be another hour of activity snatched from daylight, and also another hour added to the quiet hours of sleep.

With the extra demands made on everyone at this time, this is no small item in the day's affairs. The housekeeper, especially, seems to look on the scheme with favor. ENGLISH EDITOR IS FOOD BOSS

Whitewater News

Whitewater, March 28.—The sympathy of the city goes to the home of Alfred H. Fricker and family where the wife and mother passed away very suddenly at seven o'clock last evening. Apparently in the best of health she was taken with a fainting spell about eleven o'clock yesterday morning and remained practically unconscious until the end came at seven o'clock, death being caused by a stroke of apoplexy. Mr. Fricker was formerly Zelphy Powell and most of her life has been spent in this city except for a few years at Walworth. Three children were born to Mr. and Mrs. Fricker, Will, who is now in service at Jacksonville, Florida, Earl and Florence. Three brothers, Will, Edwin and Walter Powell, and a sister Mrs. H. E. Fowler also serve here. Arrangements for the funeral have not been completed.

Frank Reider, Ira Mason, George Crumb, Dr. Parker and Mr. Palmer went to Chicago Monday and returned last evening, each driving a new car for the Mason-Kraepelins garage.

Mrs. W. H. J. Kildow is visiting friends in Detroit, Mich.

Mr. and Mrs. Frank Williams went to Chicago Wednesday.

Mrs. J. Downing and daughter of Mr. and Mrs. W. G. Kildow.

H. R. Charles fell on the walk Sunday and hurt his knee quite badly.

Mrs. Sarah Niquet was called to Beloit Sunday by the serious illness of Dorothy Sundstrom, the youngest daughter of Mr. and Mrs. Fred Niquet, who was taken with convulsions.

Kennedy Jones

There has been some complaint by members of parliament against the tendency of the government to put newspapermen in big positions in England. Premier Lloyd-George recently defended his choices and landed the work of editors in various positions. One who has "made good" is Kennedy Jones, director general of the food economy department of the ministry of food. He was one of the founders of the London Daily Mail and editor of the Evening News.

Produce Finer Linen Yarn.

Using a chemical process, a Moscow engineer claims to have produced a finer linen yarn than the finest spun at low cost.

THE TURNING POINT.

In the lives of all military powers there has always been one "high tide" and then has come the recession, perhaps slow, but certain and sure and "Truth has always conquered might." Alexander the Great sighed for more worlds to conquer, and yet passed away. Hannibal invaded Italy, overcoming apparently insurmountable obstacles, but failed. Rome fell, as had Greece before it, when it appeared at the zenith of its glory. So down through history even through the Hun invasion, so like the present struggle for cruelty and wanton killing.

Napoleon reached his zenith at Moscow and retired to oblivion, dying an exile on St. Helena. Lee reached his high tide at Gettysburg, when Pickett's line advanced, only to be shot down by the troops from Wisconsin and the middle western states. It was years after Napoleon reached Moscow before he was utterly defeated and it took time to bring about the end of the struggle between the north and the south with the peace pact at Appomattox court house.

Today we await with breathless anxiety of the turning of the tide of the "Tun's" power. The terrible tide of the past few days marks the zenith of the glory of this terrible war machine created by Germany. Already they have slowed down their advance and the hundreds of thousands that have died at the command of the "war lord" have given their lives in vain, as did the myriads of the Persian host in Greece before when Xerxes started to conquer the world.

Germany has been flushed with victory over Russia. Victory bought by gold and the treachery of the leaders of the Bolsheviks. Vast stores, wonderful food supplies, a nation of millions virtually put out of the war, and then over-pride the Huns turned to the west to crush England and France and teach the impudent "Yankees" a lesson. The first assault came against England; others were to follow. But England held its line, retreating slowly and inflicting terrible losses. France lent aid and even the hated "Sauvages" were in the battle line.

The "high tide of Germany" has been reached. The "crest of the flood" has passed and now the stream will recede. It may take years to bring Germany to a peace that at present "passes" all man's understanding; but it is coming. The next news will be good news, and while the United States must pay its share in this war, it will not be the tribute money or less of life or hardship or privation, that would follow were the German idea or the German Kultur successful. The tide has turned. Wait for the news that is to come. It is no good at all that has not a silver lining.

THINK.

Before voting for the Justice of the Supreme Court on Tuesday next stop and think. Do you want to drag the honor of the highest tribunal in the state down to the level of a worn political idea?

If you do not wish to select a man who is able qualified and well fitted for the position?

Are you going to listen to the men who tell you to vote thus and so for political reasons, or are you going to listen for yourself and get the men making a political selection for such an important position?

Judge Rosenberry is a man true and tried, the few months on the bench have indicated he is well fitted for the duties.

He seeks re-election and his qualifications should demand the respect and attention of every voter in the state and his majority over his opponent running on a purely political basis, should be a rebuke to others that may follow, that worth and merit count more than politics in this state after all when it comes to selecting a supreme court Justice. Let Rock county do its share at any rate, and help elect Rosenberry.

THE EASTER THOUGHT.

There is something very venerable and inspiring about any observance that has endured for a thousand or two years. During the past nineteen centuries, great nations have risen to power and have fallen back into dust, kings and thrones have come and gone. Conditions of living have so changed that it seems like another world.

Amid all the wrecks of time there is one thing that stands firm in the sea of change. That is the Christian church. From earliest times Easter has been celebrated with great solemnity. In the midst of our modern life, this expression of human feeling carries home to the believer the same message that it brought to our spiritual ancestors of the first century. A thought and custom that have so survived all change and change must be firmly rooted in eternal truth.

The fact of the Resurrection of Jesus is regarded by historical students as one of the best attested of ancient history. If it is to be set aside as legendary, about all the ancient history that we faithfully study in school should go too.

It is impossible to account for the career of Jesus except on the theory that he had a unique and divine mission. Having such a unique position, it is not to be regarded as strange or incredible that he should depart our life in an unusual way.

And having this mission, his words as to human destiny ought to be final.

Whatever his nature, he was clearly the wisest and best man that ever lived. We can safely take his word, and follow his commands. The Easter message is a triumphant one, and it casts off all fear and have full confidence that all in our lives that is true and worthy will endure.

PARTY POLITICS.

This election of a United States senator has developed into a personal party political fight. The dignity of selecting a United States senator, on his merits and qualifications, has been lost sight of and the same coterie of democratic politicians, or the remnants of the same faction, what is left of the Davies-Aylward democratic political organization that disrupted the democratic party, ignored and insulted the true democratic workers in years past, sold out their political birthright, to elect La Follette twice without number, now blossom forth as the "Holler than thou" and condemn all who oppose their desire to name a man of their own choice for the exalted office of United States senator from Wisconsin.

Weeks—yes, months ago—this was all planned out. The Loyalty Legion was organized and men who believed in the term loyalty, though the leaders were absolutely sincere in their actions—united their fortunes with the movement. Follow it down a bit, and you find the first seed of discord sown when the question of giving Governor Phillip the power to name a successor to the late Paul Hastings was raised. Subtle in its work the poison was spread and as a consequence when the special session of the legislature was called, the men who had captured control of the loyalty organization, defeated the move on the first attack.

But take a step further backward and watch the insidious workings of this remnant of the Davies-Aylward democratic party wreckers. Davies was on the ground at this time. The democratic national committee was all primed for the start and when Governor Phillip called a special election, Davies first buried his hat into the political arena and behind him was the democratic national committee—the advertising matter was ready. The press matter was prepared. The speakers were all arranged for and the battle was on.

But there was one slip. Lenroot was urged to become a candidate and against such a man, a republican with a record as clean as Lenroot's in congress, many who had earnestly supported President Wilson's war measures, after war was declared, and when the democratic leaders of the house, headed by Champ Clark, Kitchener and others, noted "no," it was a problem. Doubtless—this is merely conjecture—La Follette was reached and Thompson, the strongest La Follette advocate from a vote-getting point of view, was chosen as Lenroot's adversary. McGovern had been anticipated as Davies' opponent, but McGovern was too loyal to run, and withdrew.

Then came the primary. If Lenroot could be defeated then it would drive all loyal republicans to Davies as the opponent of Thompson and Berger. Something must be done. Can you not imagine what was done when you look over the list of democratic counties that gave Thompson the majority vote. Of course Davies' total shrank, but unfortunately it was waste of material and Lenroot won.

Hardly had the word been flashed to Washington than a carefully prepared letter written by President Wilson, appeared. It endorsed Davies and cast an aspersion upon Lenroot's honesty. A president of the United States insulting every republican in congress who has supported his measures and saved this nation from absolute ruin, so that a "man of straw" who would do the bidding of the chief executive might be named from Wisconsin. It was not dignified, to say the least, and furthermore it was an insult upon the intelligence of the voters of the state.

Then came the shower of advertisements, the invasion of democratic "spel-binders," and thus the campaign started. It is short and turbulent, but when it is all over it will be found that republicanism, and loyal Wisconsin, was by the vote of its citizens given a rebuke to such partisan politics in a manner that will leave no question as to the source of the trouble.

It took the German government forty years to get ready for this war and some of us are completely disheartened because we can't do the same thing in one.

The government asks us to save our old junk and exchange it for Thrift stamps, but no one has yet offered to carry off the bric-a-brac on our parlor mantels.

Some of the hardest kickers on the daylight saving proposition will get the keenest enjoyment from the long evenings and chance to engage in outdoor life.

Which will you do, buy Liberty bonds and get good interest on your money all your life, or pay an indemnity and have the interest go to Kaiser Bill?

These Germans who stick their heads up over the trenches to see what the Yanks are doing, usually had out within a very brief period of time.

Aspen Wood for Matches. Aspen wood is used almost exclusively in making matches in Sweden as it is easily cut and porous enough to be readily impregnated with sulphur or paraffin.

A government circular addressed to retail merchants gives seven different ways in which merchants can help the food administration. First among these methods is to give a small portion of their newspaper advertising space to announcement of the food administration slogans.

The food administration must know where it gets the best support. When it sees itself getting results from the printing of a little slogan in some corner of a merchant's ad, it shows that that advertising reaches the people very thoroughly.

The space is thus so valuable to the government, it is valuable to the merchants, too. It goes to show also that the merchants who advertise are public spirited and progressive, willing to help on all public causes, and thus entitled to the liberal patronage of the public.

Rock river is a funny old stream. Times were when during this period of the year, when high water abounded, shammers came all the way up to Janesville, from the Mississippi and further north, and bought cord wood and other produce and then floated down as they came. Today the river is exerting all its strength to try the ingenuity of man, and unsuccessfully. Now it will forget its present anger and become the meek, little, purring brook we know in summer when ducks enjoy the Milwaukee street bridge and watch for popcorn. But

THE JANESEVILLE DAILY GAZETTE, THURSDAY, MARCH 28, 1918.

just now it is not pleasant to look at, to say the least. Like the fat man, "no one loves it."

There is an opportunity for every citizen who feels patriotic enough to devote one evening a week to military drill, buy their own uniform and be subject to military orders and discipline, to join the Wisconsin State Guard Reserve. This can be done by enlisting as an adjunct to the Sixteenth Separate company—can be easily accomplished. Think it over and then decide. The next drill is on April 3rd.

This is holy week, yet a most unholy political campaign is being waged against a common foe, "disloyalty." Perhaps the temptations on the "Mount" are again being enacted on earth, but may the Wisconsin veterans remember the teachings and refuse the promises made by the "Prince of Evil," no matter how pleasing they may sound.

Why not put those classes of drafted men not called to the colors now, for one reason or another, under military control, make them drill weekly and prepare themselves for something that may happen in the future when their presence is needed? It is merely a suggestion, but worth considering.

One would be surprised how many men can find the "mote" in their neighbor's eye and yet fail to perceive the "beam" in their own. The number of citizens who are ready to denounce this or that fellow resident as disloyal forget on a Tuesday and refuse to patronize restaurants that do not sell steaks.

After you read the returns of next Tuesday's election think over some of these old sayings. "Chickens always come home to roost." "The worm will turn." "Truth will always conquer in the end." "It is a long lane that has no turning." Remember them and watch the vote on the question of a "wet or dry" Janesville.

This war garden idea is all right, but remember that five dollars worth of seeds and labor should produce more than three dollars worth of produce. Otherwise the idea of saving the food supply would be a failure.

Biting off more than they can chew is the fault of many a man in public life. The exposure of the lack of supplies keeping up with the demand for finished products has been sounded and perhaps something will come of it in months to come.

Here we need a great army. Why not hasten up the call for the men in Class A and start training them without so much red tape. If we will need a half million men why not get busy and start on it now and not "eventually."

Someone wants to know what has become of the erstwhile noisy German politicians. Well, last heard from they were studying up quiet ways of getting into their home towns after dark.

While we are short of labor to produce food, an army of able-bodied bell-hops hang around our hotels trying to get a living giving people services they would rather do for themselves.

The people who think the Easter Observance is mostly a clothes parade, do not usually distinguish themselves by regular church attendance at other times when this objection does not exist.

It took the German government forty years to get ready for this war and some of us are completely disheartened because we can't do the same thing in one.

The government asks us to save our old junk and exchange it for Thrift stamps, but no one has yet offered to carry off the bric-a-brac on our parlor mantels.

On sale at St. Joseph's Convent, identification cards and pocket folders for soldiers and sailors and other religious articles.

**TIMOTHY E. HOGAN
SPEAKS FOR DAVIES**

FORMER ATTORNEY GENERAL OF OHIO GIVES STIRRING ADDRESS IN BEHALF OF JOE DAVIES FOR SENATOR.

FLAYS VICTOR BERGER

Viciously Attacks Victor L. Berger and Socialist Platform—Asserts That Race is Between Davies and Berger.

Victor L. Berger and his socialist platform were unmercifully flayed by Timothy E. Hogan, former attorney of Ohio, in a speech before three hundred people at the Bijou Theatre last evening. During his speech he also told of the record made by Irene L. Lenroot and stated that despite Mr. Lenroot's platform of loyalty his congressional record shows that as a member of the house that he did many things to please the German propagandists and waivered in his support of Wilson.

Early in his address he attacked Berger and branded him as a Red Dragon and stated that the coming election was perilous and that the race was between Joe Davies and Red Dragon Berger. He scored the socialist platform many times and to the audience how the eyes of the entire nation were on Wisconsin and that in this state could prove that they were behind the administration was to elect Joseph E. Davies, the man President Wilson wanted.

In speaking of Lenroot, Mr. Hogan stated that Lenroot, in voting in the house, never had his mind on the welfare of his constituents but always had his eye on his constituents back home in Wisconsin and he showed during his term in the house that he was playing for votes from the people in Wisconsin rather than backing his country.

Mr. Hogan stated that he had come to this state as he felt it was duty and honor to come and that the only thing the people of Wisconsin could do at the present time to prove their loyalty after so much had been said and done ate to their wavering, is to elect a man to congress who is one hundred per cent an American, and there was only one of these men in the senatorial race and that man is Joseph E. Davies.

Mr. Hogan then said, "Ladies and gentlemen, I am not going to tire you with any discussion on the McLeomar resolution. Sufficient to say that every genuine American in this country was opposed to it. Those who look to their country's welfare first and their personal liberty at home, last, were opposed to it. Those who were not sufficiently strong were against it."

The people of the nation have their eyes on Wisconsin. You are undergoing an acid test. Whatever difference of opinion might properly have existed before the declaration of war, there is no room for difference of opinion now. Every consideration, every influence, every circumstance, and every fact must be brought to the support of the government."

Mr. Hogan then answered Mr. Lenroot who had claimed asked for a square deal from President Wilson. He asked the audience if President Wilson had ever given any man or woman in this country anything but a square deal. He then told of how Lenroot was asserting throughout the state that Wilson was inserting the sword of partisanship in the race. He referred to the president asking for the return of Senator Kenyon from Iowa and Senator Nelson from Minnesota, both staunch republicans. He stated that the president is asking for the return of these two men and the election of Davies from Wisconsin but not inserting any partisanship, but was giving an exhibition of partisanship.

He further added that it was necessary that Wisconsin elect a man like Joe Davies. He told of the great character of the democratic nominee and how he had assisted Wilson, and that it was the people's duty to give Wilson what he desired, and that the most earnest desire of the eleven senators of the United States senate.

He was very bitter in his attack on Berger and went back to him again and flayed him more and urged the audience to realize that he was at a crisis, and endeavored to show the people what a calamity it would be if Victor Berger was elected, and he stated that Berger was the man to fear in the coming election and not Lenroot.

In closing he said: "These are the sentiments of Joe Davies. Your brilliant native son, whose record is one that ought to fill the heart of every man from Wisconsin with pride. He is a self-made, highly educated, sensible, courageous, honest, true, fearless man and a friend and supporter of the national administration.

The speaker was introduced by Fred Burpo.

**COMMISSIONED CAPT.
IN ENGINEERING CORPS**

Frank Peters of Chicago, Well Known in This City Receives Appointment As Captain in Army.

Frank Peters, son of C. Henry Peters of Chicago and well known in this city has recently been appointed a captain in the engineering corps of the United States army and has received instructions to proceed to Washington.

Mr. Peters is a cousin of Sam Tait, president of the City Ice Co. of this city. His grandmother, Mrs. Henry Peters and his aunt, Miss Addie Peters also live in this city. He has visited here many times and his many friends will be glad to see him again. For several years Mr. Peters has been an inspector of buildings and his work will undoubtedly be along this line while connected with the army.

OBITUARY

Mrs. Charlotte Harris. The funeral of Mrs. Charlotte Harris was held this afternoon at three o'clock from her late residence, 721 Milwaukee avenue. Rev. Henry Williamson conducted the services. The remains were laid at rest in the Oak Hill cemetery.

FRANCIS GREENLE ORDERED INTO AVIATION SERVICE

Francis D. Green, of Chicago, formerly a student at the high school in this city, has received his call for training to enter the aviation section of the United States army. He will report at the ground school at the University of Illinois on Saturday.

Uncle Sam's Navy Girls. See the official photographs in April Delinicator, Cali at The Golden Eagle and ask about the plan for placing the Delinicator in every home in Janesville.

Attention, Rebeleahs: There will be staff practice for the degree staff of Rebekah Lodge No. 171 at West Side I. O. O. F. hall Friday night at 7:30. L. M. MATTHEWS

PERSONAL MENTION

C. Simcox, Dr. John E. Davis and Mrs. Edward Eastman, all of Rockford, are visiting friends in the city for a few days.

Miss Alice Charley of Beloit is the guest at the home of E. Sherwood in the Ryan apartments.

C. H. Eckert of Seattle, who has been visiting at the home of his sister, Mrs. F. A. Gramzow, went to Lancaster to spend a few days with their brother, Dr. F. F. Eckert.

A. Whaley and family of the town of Harmony have sold their farm and moved to Beloit.

Mr. Stanley Crossman has returned from Jefferson after spending a few days with relatives there.

Our Town Guests.

S. J. Ray of Sheboygan, who has been spending a part of the week in town, has returned.

John Schindler was the guest of Havoc Friday the first of the week.

Arthur Wiggin of this city spent the day this week on business in Orfordville.

George Pullen, Fred Baker and C. J. Pearsons of Evansville motored to Janesville this week to attend the commencement exercises scheduled to be held sometime in June, and which is to mark their entrance into the ranks of the high school alumni.

Although the commencement exercises are more than two months distant it is having a lethargic effect on the spirits of the young people who will be in June essay into other fields, for they are evincing an unwonted unanimity of activity that only final examinations could provoke.

Minor matters such as dresses for girls and elections were disposed of several weeks ago but the vital questions of a brilliant finale or commencement exercises are the parameters that trouble the senior members.

Lucy Swift, Catherine Steed and Robert Stevens, three youthful Mendelsohns of more than ordinary ability in the realms of music have been elected to write an appropriate class song. The class also has a muse in Ellen Ewing who is to write the class poem for the 1918 Senior J. H. S. students and its appropriateness is not determined.

Although no class token has as yet been selected preparations have been made and a committee appointed to look in that matter for the class. Harold Persons has been elected to write the class will, but the class prophecy, a matter requiring much thought and deliberation, three have been elected to do it justice. The prophesiers are Katherine Holler, Mercedes McGowan and Ruth Bowley.

The paving work which will be done is as follows: Franklin street, from Pleasant street to Milwaukee street; Bluff street, from Court street to Milwaukee street, and from Milwaukee street to North First street; North First street, from Bluff street, to Pleasant street, from River street to the Fourth avenue bridge.

Unit prices for excavation, grading, etc., will be submitted to the board by the bidders and before the contracts are let the city engineer will look over the figures to determine the lowest bidder who has complied with all the specifications. The work upon all streets will be done under separate contracts.

PREPARATIONS BEING MADE FOR GRADUATE EXERCISES IN JUNE

Seniors Working Hard to Make Their Commencement Exercises a Splendid Success

Much activity is now being displayed by the outgoing seniors of the Janesville high school who are burning a considerable quantity of midnight oil pondering over the questions and problems which they intend to make public how which they intend to make at the commencement exercises scheduled to be held sometime in June, and which is to mark their entrance into the ranks of the high school alumni.

Some of the work which will be done this season will be left over from last year for several reasons. Due to an unusually large program planned last year and because of the shortage of labor and materials at that time the paving was set for this season. Included in the work are some streets which were contemplated to have been done last summer. North First street from the west side fire station to the east end of the G. M. & St. Paul railroad, who could not secure new rails to put in at that time.

The four contracting firms who filed bids with the city clerk for the work are: Gund Graham company of Freeport; Lehman Brothers of Watertown; Thomas Woolley of La Crosse, and George Welch of Beloit.

The paving work which will be done is as follows: Franklin street, from Pleasant street to Milwaukee street; Bluff street, from Court street to Milwaukee street, and from Milwaukee street to North First street; North First street, from Bluff street, to Pleasant street, from River street to the Fourth avenue bridge.

Unit prices for excavation, grading, etc., will be submitted to the board by the bidders and before the contracts are let the city engineer will look over the figures to determine the lowest bidder who has complied with all the specifications. The work upon all streets will be done under separate contracts.

People Should Show Their Spirit by Being Present at St. Paul Depot Tomorrow Morning When Contingent of Eleven Men Leaves.

Final instructions to the eleven selectees who will leave for Camp Grant tomorrow morning were given this afternoon when they gathered at the office of the local board. Unless some changes are made in the list of men as announced today, the following will make up the contingent which leaves at ten-forty-five tomorrow morning: D. McAnally, Rockford; Mrs. Peterson, Racine; Frank Johnson, Waukesha; Mrs. Hansen, Milwaukee; Mrs. James Viney, all of Janesville; Ralph Tomlin and Stanley Brink, both of Evansville; Chris Hanson and Arthur Schulz, both of Rockford; and Ralph Holiday and Claude W. Gifford, both of Milton.

They will report at the post office at nine o'clock where they will be given their badges to wear during their journey. The badges bear the inscription, "National Army, 1918, Local Board Division No. 1, Rock County, Wisconsin." After being supplied with Red Cross comfort kits by Mrs. A. C. Eough, they will march to the St. Paul depot in time to depart on the ten-forty-five train for Camp Grant.

A group of girls enjoyed a social evening on Tuesday at Janesville business friends' home from a three weeks' business trip.

Margaret Smith and Helen King are home from Milwaukee Downer Seminary to spend the Easter vacation.

C. A. Thompson of Chicago was calling on Janesville business friends on Wednesday.

Mrs. William Morton of La Prairie spent the day on Tuesday at Red Cross headquarters in this city.

Mrs. Thomas Earle of Edgerton was a Janesville visitor with friends on Tuesday.

A. R. Dolan of Milton was a business caller in town on Wednesday.

Howard Hempel of Edgerton spent the day with friends in town on Tuesday.

H. H. Miller of Milwaukee is calling on business friends this week in Janesville.

Social Happenings.

A Red Cross card party was given at the home of Mrs. C. E. Culver of La Prairie on Tuesday evening. There were played at eight tables and \$10.75 was collected, which will be turned in to the Red Cross Red Cross auxiliary.

At the close of the game sandwiches, coffee and cakes were served.

A group of girls enjoyed a social evening on Tuesday at Janesville business friends' home from a three weeks' business trip.

Howard Hempel of Edgerton will be in town Saturday evening.

Mr. Matheson, chairman of the publicity committee of Rock county, presided at the meeting. Mr. Matheson, accompanied by W. J. Baker of Beloit and Mrs. L. E. Markham of this city, attended a meeting of the publicity workers at Milwaukee yesterday.

At the Milwaukee meeting nothing definite was accomplished, but the plans have not as yet been completed.

At the meeting this afternoon it was decided to enlist the services of the country school teachers in the work. Mr. Matheson has requisitioned several large billboard signs and the real publicity of the campaign will start in a few days.

This county is called upon to raise \$1,000,000 in the coming campaign and the government has requested that when the quota is reached not to stop work, and it is estimated that this county's share will be nearly five million before the campaign closes.

The Liberty loan workers will buttonhole everybody to show that they are working and buttons will also be furnished the buyers. Plans were discussed in regard to reaching the farmers by advertising in different manners.

C. P. Pierce, district organizer, was present, and offered many valuable suggestions. It is the desire of the workers to have Rock county put over their quota in the lead of all other counties in the state.

Had Fairly Good Hold.

"Has Jimson ever had much of a hold on you?" "He succeeded in pulling my leg once!" —Judge.

AMERICAN FLIER IS DEAD OR CAPTURED
HEADS NEW PRICE FIXING COMMITTEE FOR WAR BUYING

J. T. Barnes of Milwaukee availed himself of the neighborhood club this afternoon. Several dozen garments have already been completed for the children of Belgium and France by this club, who began Thursday afternoon. Refreshments were served at half past seven.

The meeting will be held Saturday evening at the home of Mrs. Francis Grant on Cornelia street.

The Senior Division Standard Bearers' meeting at the C. M. E. church has been postponed. They will meet on April 1st in the church parlors.

Although not under the jurisdiction of the local board because he registered in Chicago, Ithomas Sloan will be sent along with the contingent which leaves tomorrow, orders having been received from his board to send him direct from Janesville.

A ladies club, comprised of twelve members, who make their knitting and enjoy a few hours socially, met this afternoon at the home of Miss Mabel Gram, a woman on South Main street. Tea was served during the afternoon.

The Eastern Star Study club met this afternoon for work at Red Cross headquarters. These ladies are turning out a large number of finished garments, under the supervision of Mrs. Charles Barnard and Mrs. T. O. Howe.

J

Heart and Home Problems

BY ELIZABETH THOMPSON
LETTERS MAY BE ADDRESSED TO MRS. THOMPSON, IN CARE OF THE GAZETTE

Dear Mrs. Thompson: I am deep in love with a young man who is soon to be married. He told me he loved me before he went away, but did not ask me to marry him. We recently had a quarrel through the mail. He objected to his mother's letters to another girl and he said she would not stop. I wrote him that he need not write to me if he wrote to her, and has not written since. I don't know what to do. I love him and want him to write. Shall I write and say I am sorry and am willing he should write to anyone he wants to?

X. T.
Call on the girl and take her places. Then when she has become accustomed to your attentions and knows that you like her, tell her that you love her.

It is all right to answer another girl's letters if you are in love, if you are engaged. It is not best to keep up correspondence with another girl unless the girl you are engaged to is willing to have you.

A. A. REED.
Do not write to him. He may think from your silence that you don't really care for him, and is apt to write to him just to see. Then you can answer his letter, but don't mention your previous letter. Write just as if nothing had happened.

Dear Mrs. Thompson: I am a young man twenty-three years of age and I have been going with a young lady for about two years. I am a farmer boy and am unsettled as to whether I should get married. The war makes me doubtful.

L. L. EYES.
I think you should wait until the war is over. There is a great chance that you will be called into service in spite of the fact that you are a farmer.

Dear Mrs. Thompson: I am a young lady twenty-three years of age and have been going with a young man several years. He is two years older than myself and in the

EVERYDAY ETIQUETTE

Her Great Adventure

by ZOE BUCKLEY

A FRIEND.
John Reaves took Claire to a quiet place near the park for dinner. Everything from the softly carpeted floor to the gentle lighting was refined and exquisite. It soothed Claire just to be there. Especially with Reaves, who was the personification of the place. He was always quiet, always restful, always of quality in dress and manner.

He selected a table in a corner, ordered a perfectly chosen meal. Lane would have talked it over at length and rather loudly with the waiter, and would have had too much of everything. Reaves took but a minute or so to give his instructions, deferring to Claire but not pressing her when she saw she was tired and distressed.

"Now," said Reaves with his friendly smile, "tell me about this wonderful thing you've done."

Claire sat up. It is always stimulating to be told you've done a "wonderful thing," even if you haven't.

"Wonderful thing?" she echoed.

"Why—what?"

"Your success—with Lane," said Reaves, watching Claire, but continuing to Claire flushed, not knowing whether he meant her business success or something personal.

"You've done a stunt few girls could," Reaves continued, apparently having learned from Claire's face what he wanted to know. "Lane had four young women there in a string before you came along. They were a noisy lot, and in a few weeks became so expert that Lane himself admits you're a prodigy. He tells me you draw things for the patents, too. Why, IIS is wonderful, Miss Berton! I feel like having the young newspaper chap at our house write you up under the caption 'From Farm to Affluence in Six Months.'

Claire looked at Reaves for signs of joshing. She was none. He was a simple soul, and she knew it. She smiled at him gratefully.

"Do you really think I'm earning my salary?" she asked. "I'm getting thirty-two dollars a week. If anybody had told me THAT six months ago in Turners Junction, I should have known they were demented."

(To be continued.)

HEALTH TALKS

BY WILLIAM BRADY, M. D.
LETTERS MAY BE ADDRESSED TO DR. BRADY, IN CARE OF THE GAZETTE

Still Having Seven Year Itch

An inquiry received the other day from families as is typhoid fever or small-pox or any other "fifth disease." The itch may not be the same, but as this great free country, also the health administration of some villages are as important in the situation of the village fathers, as the ventilation of the county jail. Most of the school children have this rash, which doctors say is the seven year itch, and a great many adults are afflicted with it, too. No one seems to be able to determine the cause, unless it is something in the diet. Working in a bank, I have occasion to notice how prevalent the trouble is. There has been some talk of closing the schools, but the school board decided against it."

Closing the school for scabies? It is a sad commentary on the blindness or otherwise enlightened communities to render sanitation. The schools are too often closed for contagious disease; worse still, some health officer continues to close the schools and pronounces the danger past. The public舆论 runs me of a hundred children whipping the floor that bumped him. Fumigation is a deplorable waste of good money and no protection to public health. It is a mere to based upon discarded theories. It never adds in any sense to the safety of the community in time of pestilence. It is too much like closing the stable after the old mare has gone.

The "seven year itch" was so named in the dark ages of sanitation—the time before soap and water became popular. Not that scabies is a disease of the unwashed; on the contrary, it is as likely to infect our first in the imaginary office.

Peanut Macaroons.

THINGS WORTH KNOWING

If you have no bread grinder or chopping bowl and need bread crumbs place dry bread in a bag or cloth and pound with a hammer until fine, as you do when chopping ice. Baby's blankets will look like new if washed in any good white soap suds and rinsed in lukewarm water, to which a few drops of ammonia have been added. Stretch on curtain rod to dry.

To Make Use of a Faded Rug—Tack it evenly and securely to the floor. Give it coat of flour starch, which produces a good filler and an even surface. Give it two coats of floor paint, whatever color you desire, then stencil a border of a darker design around the edge. This gives a floor covering equal to linoleum and will wear indefinitely.

DRESS HINTS FOR THE BUSY WOMAN

Artillery red is one of the new colors.

Hats and parasols to match come in two-toned effects.

Striped tub silks make up into smart tailored blouses on a frock, little waist pouches on the back, long wide flowing sleeves of chiffon are considered voguer.

Large orchid designs are prominent among the figured chiftons.

Maline is one of the important materials of the spring season.

A robe of yellow charmeuse is decorated with feather owl heads.

The old-fashioned pompon comes along with the Watteau skirt.

Manteaux of varied-colored chiffons have no warmth, but much beauty.

First hats are small and turbanish; later hats will be large and floppy.

Fitted bodice and a skirt banded with ruchings form a pretty costume.

Grandmother's grandmama is also good style.

Baronette satin comes in exquisite

pastel tones and is queen of the sa-

SIDE TALKS

—BY—
RUTH CAMERON

CUTTING TOO MANY CORNERS.

This is the day and generation when cutting corners has become a house-hold necessity.

There are some people whose incomes have been swollen by the war, but for every one of these there seem to be many whose incomes have stood still or increased but slightly. And when an income stands still or increases but slightly, in these days, it is practically going backward.

I know several people who isn't trying to cut corners in one way or another.

Which is as it should, and must be.

And yet, out of my own experience in corner cutting, I have already minded one warning.

Don't Cut Them Too Sharp.

It is good to cut corners provided that you have to go back and do it all over again.

This is an illustration of what I mean to say by that:

Along with some million or more women in this country, I bought myself a blue serge dress last fall. And because I ordered a sleeve of a slay to the shoulders I decide I wanted a white satin collar. But—and here's the rub, and also the rub, of my story—I tried to save money by buying a good-looking but most inexpensive collar. Any one who has had a cheap satin collar knows the rest. After two washings, it had roughed up so that had to disassemble it, wash it, and put it back together in his eyes with godlike power. That big humptuous manner impressed her with his distinction in spite of herself. That she mistook his selfishness for generosity. He took his selfishness for generosity. Reaves had had professional dealings with Lane for ten years. He felt him. He purposely chose light words in his attempt to have Claire "see straight."

"Don't you worry yourself about Lane's stuck up," he said. "He's a know-it-all, when he's well off. He's a selfish old horse. Why, he's too blame selfish to marry. He'll never marry. He'll tell you so himself."

Claire felt heartened by Reaves' first words; disheartened by his last, which she determined to verify at her first opportunity.

(To be continued.)

Combing Won't Rid Hair Of Dandruff

Copperas is an iron compound, and contains no copper.

Everybody reads the Want Ads.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely.

To do this, get about four ounces of ordinary liquid soap; apply to the scalp, then wash it off. Do this tonight and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silk and soft, and look and feel a hundred times better.

You can get liquid soap at any drug store. It is inexpensive and never fails to do the work.

PETTY DINK—IT DOESN'T DO TO SIT DOWN.

Corn Lice by Trillions.
There is a tiny louse which lives on the roots of young corn and sometimes destroys a whole crop in one locality. It does this by the rapidity of its reproduction, from 11 to 22 generations having been counted in one season. It is estimated that each louse hatched in the spring leaves in the ground at the end of the season 310,000,000,000 descendants and 3,000,000,000,000 eggs.

Cap'n Warren's Wards

by JOSEPH C. LINCOLN.

Copyright, 1911, D. Appleton & Co.

"There is just one thing more," he said solemnly. "I don't know's I ought to speak, but—I want to—and I'm goin' to. And I want you to believe it! I do want you to!"

"What is it?" she demanded.

"Why—why, just this, Caroline. This is a tough old world we live in. Things don't always go on in it as we think they ought to. Trouble comes to everybody, and when it looks right sometimes it turns out to be all wrong. If—if there should come a time like that to you and Steve, I want you to remember that you've got me to turn to. No matter what you think of me, what folks have made you think of me, just remember that I'm waitin' and ready to help you all I can. Any time I'm ready—and glad. Just remember that won't you, because—Well, there! Goodby, goodby!"

He hurried away. She stood gazing after him, astonished, a little frightened and not a little disturbed and touched. His emotion was so evident his attitude toward her engagement was so different from that which she had anticipated, and there was something in his manner which she could not understand. He had acted as if he pitied her. Why? It could not be because she was to marry Malcolm Dunn. If it were that she resented his pity of course. But it could not be that, because he had given her his blessing. What was it? Was there something else—something that she did not know and he did? Why was he so kind and forbearing and patient?

All her old doubts and questionings returned. She had resolutely kept them from her thoughts, but they had been there, in the background, always.

When, after the long siege, she bad at least yielded and said "yes" to Malcolm she felt that that question at last was settled. She would marry him. Had not Mrs. Dunn told her over and over again what a good son he was and what a kind heart he had and how he worshipped her? Oh, she ought to be a very happy girl! Of course she was happy. But why had her uncle looked at her as he did? And what did he mean by hinting that when things looked right they sometimes were all wrong? She wished Malcolm was with her then; she needed him.

She heard the clang of the elevator door; then the bell rang furiously. She heard Evans hasten to answer. Then, to her amazement, she heard her brother's voice.

"Caroline!" demanded Stephen. "Caroline! Where are you?"

He burst into the room, still wearing his coat and hat and carrying a traveling bag in his hand.

"Oh!" he exclaimed, "you're all right then! You are all right, aren't you?" "All right? Why shouldn't I be all right? What do you mean? And why are you here?" "Why am I here?" he repeated. "Yes. Why did you come from New Haven?" "Why, because I got the telegram, of course! You expected me to come, didn't you?" "I expected you? Telegram? What telegram?"

"Why, the—Good Lord, Caro, what are you talking about? Didn't you know they telegraphed me to come home at once? I've pretty near broke my neck, and the taxicab man's, getting here from the station. I thought you must be very ill or something worse."

"They telegraphed you to come here? Who—Edwards, you may take Mr. Warren's things to his room."

When they were alone she turned again to her brother.

"Now, Steve," she said, "sit down and tell me what you mean. Who telegraphed you?"

"Why, old Sylvester, father's lawyer."

I've got the message here somewhere. No, never mind; I've lost it. I guess he wired me to come home as early as possible this morning. Said it was very important. And you didn't know anything about it?"

"No, not a thing."

Steve hastened to call upon Sylvester and from him learned sufficient to grasp the fact that he and Caroline were practically penniless. This he imparted to his sister, but unknown to her he visited the captain and talked over with him the probable effect the situation would have upon the Dunns. He was anxious that Malcolm should be kept to his promise.

The quick, tasting ride you get from this exact and cough-savvy will really surprise you. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, and is famous the world over for its healing effect on the membranes.

To avoid disappointment ask for "Pinex" and you will find full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosty feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

MUSTEROLE
WILL NOT BLISTER

Cough Nearly Gone in 24 Hours

That's the usual experience with this hour-made remedy. Costs little—try it.

Anyone who tries this pleasant tasting, non-smelling, non-stimulating syrup will quickly understand why it is used in more homes in the United States and Canada than any other cough remedy. The way it takes hold of an obstinate cough giving immediate relief, will make you regret that you never tried it before. It is a truly dependable cough remedy. Use it sparingly, hand to hand, every hour, to do the first sign of a cough during the night or day time.

Any druggist can supply you with 2½ ounces of Pinex (50 cents worth). Pour this into a plain bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and you have a full pint of the most effective remedy you ever used.

"Stephen Warren, have you been to him? Have you?"

You was that where you were last night? Why did you go to him? What did you say?"

"I said—I said—never mind what I said. He agrees with me, I can tell you that. You'll thank your stars I did go before very long. I—ss—here's Captain!"

He burst into the room, still wearing his coat and hat and carrying a traveling bag in his hand.

"Oh!" he exclaimed, "you're all right then! You are all right, aren't you?"

"All right? Why shouldn't I be all right? What do you mean? And why are you here?"

(TO BE CONTINUED.)

Stephen uttered an exclamation. "Some one's at the door," he explained. "It's Sylvester, of course. I'll let him in."

It was not the lawyer, but a messenger boy with a note. Stephen returned to the library with the missive in his hand.

"He couldn't get here, Caro," he said excitedly. "Wants us to come right down to his office. Come! Rush! It may be important."

The cub made good time, and they soon reached the Pine street offices.

"Hope he doesn't keep us waiting long," Steve fumed. "I thought, of course, he was ready or he wouldn't have sent for us."

"Ready?" His sister looked at him questioningly. "Ready for what?" she repeated, with sudden suspicion. "Steve, do you know what Mr. Sylvester wishes to see us about?"

Her brother colored and seemed a bit disconcerted.

"See here, Caro," he said, "maybe I know something, or I can guess. Now, whatever happens, you're going to be a sensible girl. Somebody in the family must use common sense, and when it comes to holding a person to a promise then—confound it, Sis, we can't starve, can we?"

"What do you mean?" She rose and advanced toward him. "What do you mean by a promise? What have you been doing?"

"I haven't done anything," he grumbled—"that is, I've done what any reasonable fellow would do. I'm not the only one who thinks. Look here, we've got a guardian, haven't we?"

"A guardian! A guardian! Stephen Warren, have you been to him? Have

"I misdirected the letter. He didn't receive it."

"Um-hum, I see. That would explain."

"Of course it would. That must be the reason. Do you suppose if he were as poor as—as I am that I would deserve him? You know I would: I should be glad—yes, almost happy—because then I could show him—could!"

Her voice failed her. She put her handkerchief to her eyes for an instant and then snatched it away and faced them, her head erect. The pride in her face was reflected in Captain Ellisha's as he regarded her.

"No, no," he said gently; "I never supposed you'd act but in one way, Caroline. I knew you. If Malcolm's what he'd ought to be, I said, he'll be glad of the chance to prove how much he cares for you. But Steve appeared to have some misgivings, and so it seemed to me that his doubts ought to be settled. And," rising as there came a tap at the door, "I'll call when you're gone."

He walked briskly over and opened the door. Sylvester was standing without, and with him were Mrs. Corcoran Dunn and Malcolm.

They were past the sill before Captain Ellisha's greeting caused them to turn and see the three already there. Mrs. Dunn, who was in the lead, stopped short in her majestic though creaking march of entrance, and her florid face turned a brighter crimson. Her son, strolling languidly at her heels, started violently and dropped his hat.

Mrs. Dunn had come to the offices of Sylvester, Kuhn & Graves at the senior partner's request to be told, as she supposed, the full and final details of the financial disaster threatening the Warren family. If those details should prove the disaster as overwhelming as it appeared, then—well, then, certain disagreeable duties must be performed. But to meet the girl to whom her son was engaged and her brother and her guardian thus unexpectedly and unprepared was enough to shake the composure and nerve of even such a veteran campaigner as Mrs. M. Corcoran Dunn.

But of the three to whom the meeting was an absolute surprise—Caroline, Malcolm and herself—she was characteristically the first to regain outward serenity.

"My dear child!" she cried. "My dear girl! I'm so glad to see you! I've thought of you so much! And I pity you so. Poor Malcolm has—Malcolm," sharply, "come here! Don't you see Caroline?"

Malcolm was groping nervously for his hat. He picked it up and obeyed his mother's summons, though with no great eagerness.

"How d'ye do, Caroline?" he stammered confusedly. "I—I—it's a deuce of a surprise to see you down here. The master and I didn't expect—that is, we scarcely hoped to meet any one but Sylvester. He sent for us, you know."

He extended his hand. She did not take it.

"Did I get your letter?" she asked quickly.

"Yes—er—yes, I got it, Caroline. I—by Jove, you know!"

Captain Ellisha stepped forward.

"Excuse me for interruptin', ma'am," he said, addressing the ruffled matron, "but Mr. Sylvester told me you and your son had an appointment with him for this afternoon. Now, there was something that we—or I, anyhow—wanted to talk with you about, so I thought you might as well make one job of it. Sylvester's a pretty busy man, and I know he has other things to attend to, so why not let him go ahead and tell you what you come to hear, and then we can take up the other part by ourselves. Ain't that a good idea?"

Dinner Stories

He was a good fellow, though a bad shot, so he was asked to join the shooting party. The gamekeeper, in great disgust, watched him miss again and again.

"Dear me," said the sportsman,

"the birds seem exceptionally strong on the wing this year."

Tales of the Friendly Forest

LIXIV.
Oh, it's dreadful to be lonely,
Even when you're not alone,
And you may be dreadful mournful
Though you have a happy tone.
And your lips may keep a-swinging,
Through the tears are very eyes,
How you never seem to mining,
When the sun is in the skies?
To the one you want to be with
Isn't all the time with you.
There is nothing that will make you
Feel anything but blue.

And this was the way little Billy Bunny felt. For though he hadn't seen his dear kind Uncle Lucky for so long, the cold watch and chain which the old gentleman rabbit had given him made windings. So after the little rabbit had wound up the chain and put the watch back in his pocket, he started out to see his uncle, Mr. Lucky Lethbridge, who lived on Carroll street, near Lettuce avenue, Bunnypidge.

Well, after Billy Bunny had hopped and hopped and then some more, he came to a cross road, and the sign on the post said, "5,281 hops to Bunny-pidge."

"Well, I'm glad I'm on the right road," said the little rabbit, and he took his coat off so to speak and went home, because he never did like clothes, and by and by he came to Lettuce avenue. But just then something happened. Something usually happens when you least expect it, and that's what's going to happen.

NORTH LEYDEN

North Leyden, March 27.—The last meeting of the Larkin Club met at the home of Mrs. Teresa Keay, during the afternoon. A very enjoyable social afternoon was spent, in close of which a six o'clock supper was served. The ladies have planned not to organize again as a facking club but to meet more often and do free cross work.

Mrs. Farrington has returned from a trip in the northern part of the state.

Miss Nora Keay spent the week end with relatives in Janesville.

J. B. Farrington was a business caller in Janesville Saturday.

Miss Fannie Byrne, who is teaching at Magnolia, spent the week end at her home here.

Frank Farrington spent a few days the latter part of the week in Janesville.

The little Maedona Conway, daughter of Conway, was taken suddenly, scribbling in Tuesday morning.

Miss Stella Farrington and John Harrington were Edgerton shoppers Saturday.

Mr. Bootroyd and mother, Mrs. Humphrey, were Sunday visitors at the home of Lloyd Wiley.

Mr. Harrington and son Allen were Edgerton callers Saturday.

Hubbell called at the home of J. B. Farrington Sunday afternoon.

Miss Frances Conlon came from Willowdale Saturday to spend the week end with her mother, Mrs. T. F. Conlon.

J. Hubbell and Miss Minnie Hubbard were Janesville shoppers Friday.

Callers at the home of B. H. Neffner Sunday evening were Mr. and Mrs. E. P. Farrington and family and Nellie Gillespie.

Miss Minnie Keeley is sewing this week at the J. B. Farrington home.

C. Jones of Center was a caller at B. H. Neffner's Tuesday.

J. B. Farrington has purchased a new driving outfit.

The mail carrier has been taking letters this week so we all enjoy getting our mail early in the day.

Miss Marjorie Hettner was unable to return to her school duties in Janesville Monday because of the grippe.

Miss Stella Farrington was a Janesville shopper Tuesday.

Friends of Mr. Leo Connors of Besswau will be interested to know

now if my typewriter doesn't get balky and throw my hands off the keyboard. Yes, sir! Just as that dear little bunny stepped on Lettuce Avenue, I was making big and soft hit him between his left ear and his left hind foot and knocked the breath right out of him. And so of course he couldn't say "Oh dear, oh dear!" so I'm going to make the typewriter say it for him. And that will give him time to get his breath so that he can say it if he wants to. Well, after that he looked around to find out what had hit him, and when do you suppose it was that had knocked the "Oh dear, sir!" out of him? I'll tell you right away—a great big head of lettuce. There it lay on the ground. So the little rabbit picked it up and was just going to put it in his knapsack for his Uncle Lucky when a cross voice called out:

"Don't you touch that lettuce,
For it belongs to me,
And I am going to take
Home with me for tea."

"Who are you?" asked the little rabbit, dropping the lettuce and looking all around but he couldn't see anybody. "I neither can I, so I'm going to let Billy Bunny look again. And this time he saw a Scarecrow in the field close by. And if the old clothes man doesn't throw another head of lettuce and hit my typewriter so it won't talk to the paper, I'll tell you another story tomorrow."

RICHMOND

Richmond, March 26.—There will be special services for Easter Sunday afternoon at the M. E. Church.

Miss Esther Borklund has returned home, after spending the winter in Delavan.

G. A. Crumb, Whitewater, was a business caller on Monday.

Miss W. J. Knialns, spending a portion of the week with Milwaukee relatives, is home from Camp Merritt, N. J., on a ten days' furlough.

Mrs. Winch of Whitewater spent the week end at the R. J. Harris home.

Ray Stoller and George Johnson were Chippewa visitors Sunday.

Mr. R. C. C. were very pleasant entertained at the home of Mr. and Mrs. R. J. Harris, on Friday evening.

Miss Etta De Laney was home from Rockford over Sunday.

Mr. and Mrs. V. Borklund are spending the week with Chicago relatives.

Mrs. Peterson celebrated her 84th birthday Sunday. Several of her relatives and some friends were present to make the day pleasant for her.

Miss Mary Kline is again acting as operator at the Richmond telephone office.

Edwin Schaefer was confirmed at the German Lutheran church Sunday.

Election promises to be an interesting affair with three candidates for senator, viz. W. H. Calkins, R. J. Harris and Alfred Thompson.

Schaefer Bros. are hauling gravel for a site.

The news of the death of W. H. Stewart was received here on Monday. Mr. and Mrs. Stewart had been in California visiting ant since on their return home and were visiting their daughter, Mrs. Hollister, in Denver, Colo., when he was stricken with pneumonia, with the sad result.

The funeral will be held on Thursday in Delavan. For many years he was

What U. S. Senators Think of Lenroot's Loyalty and Efficiency

"We unqualifiedly and warmly indorse the candidacy of Irvine L. Lenroot for a seat in the senate of the United States. The career of Mr. Lenroot in the house of representatives has demonstrated that he is a man of ability, integrity, LOYALTY and sound common sense. His election will add to the senate a man who will be a distinct credit to the state of Wisconsin and a valuable addition to the republican members. We hope all republican voters in Wisconsin will give him their warm support."

BIBLE PICTURE QUIZ—45
Who in the Bible Had Command of One Million Soldiers?

Curious and Unusual Bible Questions
Look at the picture above, then turn to your Bible and find the answer to the question. The picture illustrates the verse in which the answer will be found.
Each week we will publish an illustrated question from the Bible and the following week publish the answer. See if you can find the answer before we publish it!
Make a family pastime of this interesting feature—it will amuse and instruct you.

Last Week's Question and the Answer
Last week's query: "Who was the first Saleswoman mentioned in the Bible?" This is answered in Acts, Chapter 16, Verse 14:
"And a certain woman named Lydia, a seller of purple, of the city of Thyatira, which worshipped God, stood by us; who heard us; and she believed the things which were spoken of Paul."

SPLENDED MUSIC RECITAL RENDERED IN EVANSVILLE BY THE SCHOOL OF MUSIC

SPLENDID MUSIC RECITAL RENDERED IN EVANSVILLE BY THE SCHOOL OF MUSIC

EVANSVILLE, March 27.—On Friday evening, March 22, the Evansville School of Music presented a splendid musical at the Congregational church to music lovers of this city. The recital drew a large audience, who expressed their pleasure in unmeasured terms. The recital was under the charge of Vera F. Richards, director; Lou Howland, piano; M. Lerdahl, violin; J. S. Taylor, voice; Eva Ostrander Blews, expression. Others who took part in the musical were Miss Ada Lewis, Miss Josephine Antes and Miss Ruth B. Pullen.

Bob Harmon, former Cardinal and Pirate twirler, may return to the big leagues'. He has asked Dreyfus for another chance and may get it at the Pirates' training camp.

Extra Special Tomorrow!

Grand Bargain Day In Our Home Demonstration Sale

Tomorrow—the big day in our Home Demonstration Sale of the wonderful UNIVERSAL Combination Range. Don't miss this opportunity. Come tomorrow and arrange to have one of these Ranges installed in your kitchen on the most liberal offer ever made on stoves.

See what lovely biscuits you can bake—the fine pies, cakes, etc. And the roasts—so juicy and tender. No other range can equal it. That's because the

UNIVERSAL COMBINATION RANGE

(U. S. Pat. Issued Dec. 26, 1917)

burns gas and coal or wood—separately or both at the same time, whichever is best suited to the food you are preparing.

For gas you simply turn the key at the right of oven door. Turn it back for coal. There are no parts to change as in ordinary combination ranges. And you can't make a mistake, because you have only to turn the key—that's all.

UNIVERSAL WEEK

March 27th—April 6th

This Home Demonstration Sale all next week. But tomorrow the BIG DAY of the demonstration and sale. Don't miss it. Even if you have a good range—come in and see this wonderful Combination Range; and get Low Prices and Home Demonstration Terms.

Come In Tomorrow—Sure!

Let us tell you more of the wonderful work of this Range.

Because you suit the fuel to the weather or cooking conditions, you can help the government conserve coal and save on your fuel bills. Also keep the kitchen warm in winter, cool in summer.

The UNIVERSAL Combination Range is recommended by Marion Harris Neil, National Culinary Expert; "Starred" by Good Housekeeping Institute—the largest selling Combination Range in America.

Costs only a few dollars more than an ordinary gas range—about the same as a good coal range. So why not have both at the price of one?

Made of cast-iron—will last a lifetime. Comes in plain or nickel finish and blue or black UNIVERSAL porcelain enamel. Come in and see it!

FRANK DOUGLAS,

Practical Hardware.

MADISON TEAM COPS FIRST IN TOURNAMENT

Kelly's Want Slips of Madison Land First in Five-Man Event—Pye of Clinton Wins Single Event.

Local teams made a very poor showing in the Southern Wisconsin Boating Tournament which ended Monday evening. The many local teams which entered the tournament were decidedly off color on the nights preceding and many of them failed to live up to those averages.

Kelly's Want Slips of Madison placed first place in the five men event. Schrem and H. Needham of Rockford took first place in the doubles, and C. Pye of Clinton was the best individual in the singles. The standings of all men entered in the tournament are given below:

West Center	
Nat'l	124 124 176
Naperville	123 153 134
Schaumburg	122 124 139
Wells	104 127 129

MATHEWS WILL TRY TO STAGE COMEBACK

(The Associated Press.)

New York, March 28.—Christy Mathewson is going to try a comeback, and take the word of those in the National League who have faced him that he is not really played himself off the pitching mound and go through half as many games as his last season a few years ago showed—the Reds will hardly remember having lost some good pitchers to the army.

A lot depends for the Reds on what Mathewson will be able to do with some young pitchers, and set with his older war-horses round into shape. Last year the Cincinnati pitching staff certainly showed the benefit of Mathewson's handling. There is hardly a manager in the National League who could have made a star out of Mike Hogan, given Hogan's ability when he came into the league. But Maty did it, and is counting heavily on that heavier to help the Reds.

The Reds make up a strong combination. Gary Herrmann and his associates own the best outfield in the National League. They possess a grand pair of catchers in Ivy Wingo and Tom Clarke. Their infield glittered at the coming with Eddie Kahan and Stan the guardian. As a second base is a weak man, and the chances are the shortfield assignment will be passed up a bit this summer while the Reds are getting used to a newcomer. The pitching staff depends a great deal on what Mathewson is able to do.

It isn't at all improbable that the Reds will be fighting it out for the pennant when the short stages of the classic race begin. They have an excellent field capable leadership, and should go into the fight inspired with the thought that now is the time of never.

Comparing the odds with other clubs is hardly a slam at the Reds. A competitor of Mathewson with other managers gives the reads of the former Giant star no great amount of credit. The Reds are certainly strong, and they're going to cause a lot of trouble.

A lot of baseball followers are expecting lots from the Cubs. But, consider the comparisons, Hal Chase is undoubtedly a better first basemen than the Cub's power. The Cub's have a better second basemen, perhaps, but the edge is in Cincinnati's right field and their left field is infinitely better than the Chicago lineup. The Red's catching staff is better than the Cub's, even with the grand Bill Killefer doing most of the work for the Cub's. Bill's arm isn't what it used to be. The only pronounced edge goes to the Cub's in pitchers. And, Mathewson may be able to offer this.

The signing of Rip Williams by the Cleveland club indicates that Manager Leo Font is still worrying about first base. Williams can play a good game at first and is a dangerous hitter as well.

They have had the "Cuban Mathewson" as a pitcher and the "Cuban Klein" as descriptive of stars in the games at Havana. The latest to be dubbed in this way is the "Cuban Maranville," a shortstop named Herk.

Old Konetchy, first baseman of the Braves has refused to sign a new contract. He drew \$7,000 in 1915, \$9,000 and \$11,000 as result of his long stay with Pittsburgh. Eds, who finally sold him the Statues. In spite of the fact that Konetchy has been slipping, he declares that the Braves' offer of \$14,000 this year is outrageously unfair and that he will retire if he cannot receive more money. A \$4,000 salary for a racing star in these troublous times is pretty good money. Konetchy may be glad to play for considerably less some of these days.

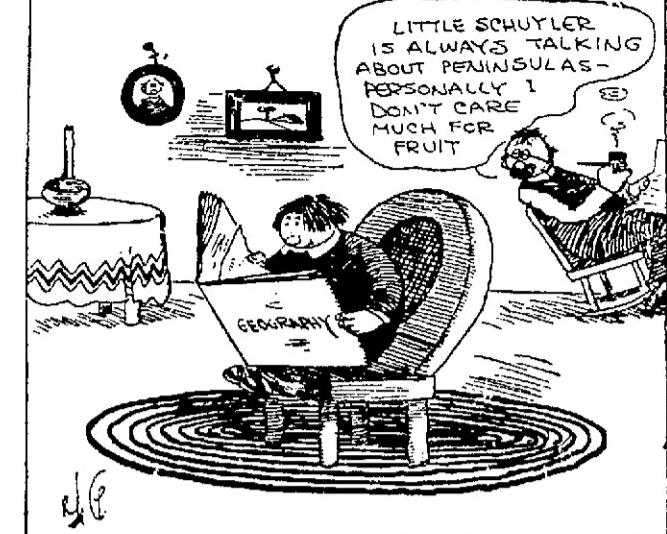

Murder will out! The other day baseball fans were startled by the news that Mr. Jack Powell, who pitched for the Yankees a dozen years ago, had gone south to receive a trial with the St. Louis Browns. It turns out that Powell owns a third park and needs some fine advertising. Fielder Jones, the owner, invited Powell to come out at the training camp, thereby furnishing news for the eager baseball fan for a long time. He'd be taking his life in his hands if he ever attempted to pitch a regular game.

MORRIS MILLER

SINGING BILL HAS BEEN VINDICATED

Bill Byron.

A whole legion of baseball fans was thrilled recently when a message from the lighting front told Frank Avery, manager of the Boston Braves, and the first player to give up a big salary and enlist as a private in Uncle Sam's army, had gone over the top with the Rainbow Division in the first big drive made by Pershing's forces since their participation in the European war. According to the despatch, he was among the front-line troops that invaded the German frontier at Toul. Shortly after his enlistment in an Ohio National Guard unit, Frank was made corporal and then sergeant. We predicted the baseball world would be proud of his; today's news proves it!

Some critics predict that Tommy Long, just released by the Cardinals to the Vernon club of the Pacific Coast League, will soon return to the majors. Tommy was a great pitcher, but was a fine hitter in the long-distance type, sic all off in hitting, hence his release to the minors.

Roger Bresnaham intends to do a lot of catching for his Toledo American Association club this season. Last summer Bresnaham caught in about twenty games, as Ed Sweeney was the team's leading backstop, but now Ed is in the army.

Horsemen who have just returned from Cuba say that the long winter meeting at Curley Brown's Havana race track will net about \$200,000. The attendance has been larger than in former years in spite of the opposition of the Cuban and Hot Springs. The Cubans have become deeply interested in racing and breeding. They also have learned the intricacies of race track betting. Curley Brown has made a long night for recognition in Havana and finally is on Easy Street.

Ralph Shurman is captain of the army team at Camp Sheridan, Ala., where the Cincinnati Reds are to train. Shurman's team will play several games with the Reds. He formerly was with the Giants and Mackmen.

After demanding a \$10,000 salary since the close of last season, Rogers Hornsby, the brilliant young shortstop of the St. Louis Cardinals, has surrendered. He has accepted the liberal terms originally named by President Branch Rickey and will report at once to Manager Hendricks. Hornsby didn't give up, he believed, that his release might be held to the Cubs but when he discovered that Rickey's refusal to part with him for \$50,000 was strictly on the level he concluded to get in out of the wet. The salary strike is practically at an end and some of the holdouts now find themselves in a ridiculous position. For once in their history the magnates have refused to be bluffed.

Joe Judge will be ready to play first base as well as he ever played the position by the time the season opens, says Trainer Mike Martin of the Washington club. This will be pleasing news to Judge's host of admirers in the metropolitan athletic, where he was shown the skill which finally landed him in the majors. It has been feared since Judge met with a serious accident at Detroit last summer that his major league career was at an end, but his injured ankle has responded to treatment and now there is only a slight limp to recall the bad fracture. Judge is working out with the Senators at Augusta, Ga. Within the past two seasons the former New York boxer has developed into one of the most dangerous batmen in the American league and he ranks with the leading West suckers. Judge won a bonus by hitting .286 last season and he hopes to land in the .300 set during the 1918 campaign.

Spike Shannon, at one time a major league star and once member of the Giants, is the chief of the umpire staff in the Western League during the coming season. The duties of chief are not exactly known.

The signing of Rip Williams by the Cleveland club indicates that Manager Leo Font is still worrying about first base. Williams can play a good game at first and is a dangerous hitter as well.

WHISKEY BLOCKADE RUNNERS ARE BOLD

[BY ASSOCIATED PRESS.]

Memphis, Tenn., March 28.—Tension between whiskey blockade runners and government agents is increasing at every point where whiskey is being smuggled across the territory in violation of the federal law. Government agents look with more misgivings on the operations of the bootleggers than they do to the moonshiners.

George Stallings plans to try young Massey out as an outholder this season. Massey was understood for Johnny Evers at second base during the early part of the 1917 campaign.

According to reports sent out from Boston, Manager Ed Barrow intends to use Dick Hoblitzel at first, Johnny Evers on Second, Everett Scott at Short and Stuffy McInnis at third.

It is reported from Gloucester that Stuffy McInnis has been placed in Class 2 B in the national army draft.

Barney Dreyfuss will have a smaller salary list than last year. He says the Pirates must cut out of the cellar before they can expect more.

Dick Rudolph, the Braves' pitcher, recently attempted to trade himself with the consent of Stallings, but he found that none of the other National League clubs wanted his services. Now he must accept a big cut or retire.

Joe Judge will be ready to play first base as well as he ever played the position by the time the season opens, says Trainer Mike Martin of the Washington club. This will be pleasing news to Judge's host of admirers in the metropolitan athletic, where he was shown the skill which finally landed him in the majors. It has been feared since Judge met with a serious accident at Detroit last summer that his major league career was at an end, but his injured ankle has responded to treatment and now there is only a slight limp to recall the bad fracture. It turns out that Powell owns a third park and needs some fine advertising. Fielder Jones, the owner, invited Powell to come out at the training camp, thereby furnishing news for the eager baseball fan for a long time. He'd be taking his life in his hands if he ever attempted to pitch a regular game.

Clark Griffith agreed to give Joe Shaw a bonus last year if he hit .388 and Joe finished exactly on the mark. Joe was promised a bonus if he won fifteen games and he had a close call also, winning exactly fifteen.

Bargains in most everything are listed in the classified columns.

SENATORS' PROBE WILL TELL WHETHER THIS IS WONDER SHIPYARD OF WORLD OR PROFITEERS' PASTURE

General view of Hog Island shipyard and portrait of William L. Hutcheson, who recently called off the shipworkers' strike.

Hog Island shipyard, for months in the public eye as a marvel of engineering speed and skill, suddenly becomes prominent as the alleged pastureland of profiteers. A senatorial investigation is under way to determine the truth or falsity of charges that the government was cheated out of millions on the building contracts.

William L. Hutcheson, president of the United Brotherhood of Carpenters and Joiners, called off the strike and sent the shipbuilders back to work in all eastern yards after he had been rebuked by the president.

New Clothes for Easter Get them early

THAT'S an established idea.

Everything has the new look about this time; men usually like to be "in it," too.

Your spring suit—the one we know you'll pick out as the best one for you—is here ready for you to wear. It's a Hart Schaffner & Marx suit, of course; we know you want something good.

Don't wait until somebody else has taken the one you want.

Easter comes March 31st.

Get ready now in clothes and furnishings.

There's nothing dressier than a smart double-breasted suit; here's one of the military variations by Hart Schaffner &

SOLDIER DESCRIBES SINKING OF VESSEL

Henry W. Shaffer, Well Known in This City, Tells of Torpedoing of Tuscumbia by the Germans.

Two letters have been received from Henry W. Shaffer, Truck Co. E, 107 Supply Train, by friends in this city. Mr. Shaffer left this city several months ago and was on the Tuscumbia when it was torpedoed. He describes very clearly the shelling of the ship and the conduct of the men after the ship had been hit.

In his letters he also tells of the way the British are treating the American boys. Further in his letters he tells of living conditions in England and of the wonderful weather they were enjoying there in February. His letters follow:

Dear Friends,

I will take this opportunity of writing you a few lines to let you know I am well, but if you can't read this letter, why don't blame me as my nerves are ruined from a little accident we had over two years ago which caused you to hear of the sinking of the Tuscumbia. I don't want to tell you any more. Now I hope you will pardon me for being nervous.

I pulled through O. K. Our company only lost two men and we have one man in the hospital. We were the first troops to be sunk on our way across and I don't think they will get any more.

I expect to be back in America by September and may be back before that. We will have to wait and see, however, how we come out this spring. I say spring because it is like spring here, nice and warm and everything is green. It rains almost every day, but this country is beautiful and I never imagined it could be so wonderful. Everything is neat and clean and it is good to see all the carts over here with two wheels in place of four, and nearly all the street cars are drawn by horses. The trains are very funny and are divided into sections and each section will hold ten people. One of our coaches would make six of these English coaches, and the trains travel very fast. You could take one of their engines and push it all over the country and they don't have any headlight on them; in fact, there are very few lights here anywhere.

You ought to see the soldiers that came across on the Tuscumbia. We have British, Americans, French and some civilian crew. I saw everything I could, with the exception of the mothers. I was waiting at the time of the attack. I was below waiting for supper and didn't even have a life preserver on. Well I will write again soon and please write often.

HENRY W. SHAFFER,

Truck Co. E, 107 Supply Train.

A. E. F.

W. C. England, Feb. 27th, 1918.

I will write you a few lines to let you know that they have me in the base hospital again as a result of the accident we suffered on the Tuscumbia. We were off the Irish coast, at the time of the attack and were torpedoed about three miles from shore and we hadn't seen land for ten days and we were all sick and tired and felt as safe as we were on shore. I was sick for eight days until we got struck and then I wasn't sick any longer.

The water was as smooth as glass until we got hit and then it started to storm and the waves would splash over the big boat. I landed in Ireland the next morning about four o'clock and was so wet I couldn't walk and it was raining and terribly cold. We were taken into a British camp and treated fine. The British soldiers got up and gave us their beds and they slept on the floor and they also gave us their overcoats and caps. I will have to close now. Be sure and write soon.

**EDGERTON SOLDIER
WRITES FROM FRANCE**

Willard Schmidt Tells of Conditions Existing in France—Gives Vivid Description of French People.

Willard Schmidt, son of Mr. and Mrs. M. Schmidt of Edgerton, has written from "somewhere in France." In his letter Mr. Schmidt tells of the present conditions in France and also gives a very vivid description of the country and of the customs of the French people. His letter follows:

Somewhere in France.

Dear Father:

I hope not will pardon me for not writing sooner but it has been nearly impossible for me to do so. I am now just fine at the present time.

The trip across the Atlantic was fine and I enjoyed it very much and was never sick a bit.

I had a good job in the truck drivers' department, taking his examination at Janesville.

Postmaster Stewart went to Madison today to hear Vice President Marshall, who will speak there this evening.

A. V. Peters was a Janesville visitor Friday.

Helen and Jean Smith of Janesville visited Helen Donald from Elkhorn Tuesday evening.

Mrs. Mary Larson returned from Racine last evening where she had been visiting relatives since Saturday.

Mrs. Elmer G. Pease returned from Milwaukee this noon where she had been visiting her sister and husband Mr. and Mrs. Edward Hayden since Saturday.

J. L. Best attended the golden wedding anniversary of his parents at Elkhorn on Monday.

Mr. W. H. Hughes entertained the Elkhorn Bridge club on Thursday.

Mrs. E. Eldridge is visiting his daughter, Mrs. Arthur Bunker, and Miss Viola Eldridge at Milwaukee.

Mr. and Mrs. F. R. Holmer visited in Chicago over Sunday and heard Billy Sunday.

The Twentieth Century Club met at the home of Mrs. W. W. Dalton, assisted by Mrs. Thomas Ames. Thirty members responded to call roll.

Miss Paul was chairman of the following program:

Music—"A Floral Song," "Spring Song," "To Spring," Mrs. E. G. C. Hatch.

Reading—"Who's Afraid," Miss Mary Sergeant of Beloit.

Reading—"The Food Fight," Miss Leonora Northrup.

Reading—"Moo, Cow, Moo," Miss Sergeant.

Story—"Sally Lou Wakes Up," Miss Black.

Story—"Sally Lou," continued, Miss Ray.

Reading—"Watching the Sparking," Miss Sergeant.

Music—"Sextette from Lucia," arrangement by Leschitzky for left hand only, Mrs. Hatch.

CLINTON NEWS
DELAVAN

Clinton, March 26.—Perry G. Snyder passed away at his home at two o'clock Monday morning after a brief illness of double pneumonia. Funeral services will be held at the home on Thursday afternoon at two-thirty. Interment in Clinton cemetery. The deceased is survived by his wife and three children, Marion, Charles, and George; a son, brother Irving of Racine, and a sister, Miss Jessie Snyder of Clinton, beside a host of other relatives.

Donald McCay has enlisted in the truck drivers' department, taking his examination at Janesville.

George O'Neill arrived here today from Boston, Mass.

Mrs. Lucilla Coburn of Harvard visited her mother, Mrs. Randall, the first of the week.

Elmer E. Bell was a Harvard visitor last Saturday.

W. W. Blanchard will take possession of their home on South Second street next Saturday—the large house known as the Blanchard house.

Ted Weaver is expected here from Stoughton this evening to make arrangements to rent his house, which was formerly the property of the late Mrs. Nettie Blanchard.

Mr. and Mrs. Edward Hayden were here yesterday.

J. L. Best attended the golden wed-

dding anniversary of his parents at Elkhorn on Monday.

Miss Paul was chairman of the following program:

Music—"A Floral Song," "Spring Song," "To Spring," Mrs. E. G. C. Hatch.

Reading—"Who's Afraid," Miss Mary Sergeant of Beloit.

Reading—"The Food Fight," Miss Leonora Northrup.

Reading—"Moo, Cow, Moo," Miss Sergeant.

Story—"Sally Lou Wakes Up," Miss Black.

Story—"Sally Lou," continued, Miss Ray.

Reading—"Watching the Sparking," Miss Sergeant.

Music—"Sextette from Lucia," arrangement by Leschitzky for left hand only, Mrs. Hatch.

FOOTVILLE

Footville, March 26.—Jacob Berryman of Evansville, visited at the home of his daughter, Mrs. Peter Palmer on Sunday. He was accompanied by his daughter, Miss Ruth. They also were called at the home of J. B. Palmer and family.

Much milk is now being received at the condensery and a number of helpers who were recently laid off owing to the scarcity of that product, were called the first of the week to resume work and it is thought the plant will soon be running with a full force of hands.

Friends of Dr. and Mrs. Blay will regret to learn that their daughter, Marion is in the hospital at Prairie du Chien, suffering from a severe attack of inflammatory rheumatism.

John Langdon is out of town visiting relatives in Rockford and Chicago.

Do not forget the 100th birthday of the school house on Friday afternoon. The following articles have been sent from here this year:

Thirteen dozen wash towels, 9 dozen handkerchiefs, 16 dozen napkins, 8 hospital capes, 24 pajama suits, 24 pair of bed socks, 30 pair mittens, 22 pair knitted socks; 30 garter aprons; 1 confederate shirt; 4 shirts; 4 quilted; 1 dress; 2 hamts. The society also has a number of articles which are fast near completion and are planning to send another consignment in the very near future.

Mrs. E. A. Silverthorn and sister, Mrs. Clyde Greatreker, will leave on Wednesday for a few days visit with relatives in and around Monticello.

A message came to Dr. S. W. Lacy from Anaheim, California, saying that his cousin, Clarence Lacy, had passed away this (Tuesday) forenoon at eleven o'clock. He had been in poor health during the past winter and gradually grew weaker until he finally thought that he was so near. Mr. Lacy had been here a number of years ago from Dakota, and at one time was proprietor of a store on West Milwaukee street in Janesville. Some ten or more years ago he with his family moved to California where they have since resided, and where he passed away as above stated. He is survived by a wife, who is Miss Bertha Silvestron (widow of Mrs. Dr. Lacy), and two daughters, Miss Hazel and Mrs. Percy Bradford.

Word comes from Dakota that Mrs. Bay Andrew and little son, James Clementon, are both doing fine, and that her mother, Mrs. Kate McLean, who has been seriously ill during the past few weeks, being treated with pneumonia, is on the mend, being able to sit up a part of the time. This will be good news to their many friends here who anxiously await reports from them.

Some of the farmers are beginning work in the fields and some have already sown their spring wheat. Others have also planted some garden seeds.

Over twelve loads of lumber were taken from this place the first of the week for the new cheese factory to be built on the Dell Townsend farm near Cavinville.

This afternoon as L. Berryman was coming from his farm north of town, his horse became frightened at an auto and started on him runaway. Fortunately Mr. Berryman succeeded in stopping the animal by running it into the wire fence, with no further damage than a broken harness, although the horse received some injuries on the nose, being cut by the wire.

Junior Red Cross society has been organized by the school children and they are working faithfully collecting old papers and rags, trying to raise twenty dollars, which has been appropriated them as their share in the campaign.

Friends are anxiously awaiting the arrival of Mrs. Judd Cowan, who is expected home soon from Ohio.

Out Wheelers, West Fingers, Chapmen, Beggar's Troubles in Photographic, Chapmen Community Theater, Burlington.

The library would appreciate a gift of the February number of Scribner's Magazine.

AFTON

Afton, March 26.—Orie Giffen of Afton, Ill., and Will Giffen and wife of Jamestown, were the guests of their parents recently.

Mr. and Mrs. Roy Aarsel have returned from Albany, where they have been spending a few days with relatives.

The Red Cross meeting at Mrs. Cobb's was well attended, hospital shirts, patch work, and tying of comforts being the work done.

Mrs. George Ott and brother, C. H. Griffen, were called to Beloit Sunday evening because of the sudden illness of their sister Mrs. Mary Ott, who suffered a stroke of paralysis late Sunday afternoon, affecting the entire right side. Mrs. T. L. Corcoran has gone to Madison to work at the flour mill during the Easter time.

The usual spring moving is taking place. Among those coming to Afton is the cheese-maker and his family, who will occupy the Brinkman farm over the creamery. Herman Holmstrom and family are occupying the Schultz house and P. C. Shaw of Beloit has rented the Kestholm house and the blacksmith shop.

Miss Anna Austin of Janesville, was an Afton visitor recently and attended the Red Cross meeting.

TRAVEL

Literature of interest to the traveler at the Gazette Travel Bureau. A large supply of booklets descriptive of Colorado and California just received for free distribution at the Gazette office. By mail include 6c for postage.

WHY IS IT

that if ignorance is bliss, nothing seems to have ever been invented that will keep you in that happy state like—

an abridged dictionary!

HANDY DICTIONARY

OVER 10,000 WORDS

Miss Sophie Siebert.

The housing committee of the Christian Science churches of Washington, of which Miss Sophie Siebert is the chairman, will provide a temporary home for the girls who go to the capital to do war work and where they can live till they are permanently located.

SHARON

Sharon, March 27.—The school in Burr Oaks is now closed as the teacher, Miss Dora Barth, is ill with the measles.

Little Marion Davis has gone to Beloit for an extended stay with Mr. and Mrs. Leo Wisch.

Mr. and Mrs. Harvey Zillhart of Clinton, spent Tuesday evening with their parents, Mr. and Mrs. C. S. Sherman, in Elkhorn on Tuesday evening to visit relatives.

Mr. and Mrs. Daniels, who live south of town, spent Wednesday in Janesville.

Mrs. Albert Lang spent Tuesday evening in town.

The lecture given Tuesday evening by Rev. George K. McInnes was attended by a large crowd, and was enjoyed by all.

Two school inspectors from Madison were here Tuesday and visited our school. They reported the school as being in first class condition in every way.

F. M. Willey, A. C. Pond, J. A. Mortimer and F. Densmore went to Elkhorn Wednesday in the interest of

the Liberty loan drive that is soon to be made.

A meeting of the executive officers of the Sharon lecture course was held and it was decided to take the course for the coming season put out by the university extension division of Madison. The course will consist of six numbers, given by the Wisconsin State Fair Concert Trio, the Berliner Quartet, the Porter Concert Party and a lecture by Albert Edward Wigmann.

This course comes highly recommended and it is hoped the people of Sharon will give it their hearty support.

Irving Sherman, son of Dr. S. A. Sherman, died in Chicago, and the kidneys and bladder are the most important organs of the body. They are the filters of your blood.

If the poisons which enter your system are not removed, they will accumulate in the body and the entire thrown out by the kidneys are not completely restored to your usual health.

Weariness, sleeplessness, nervousness, depression, backache, in loins and lower abdomen, gall-stones, gravel,

difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica, constipation, etc., are all diseases that affect your kidneys and bladder. GOLD MEDAL HAIRIUM OIL CAPSULES are what you need.

They are not a "patent medicine," nor a "new discovery." For 200 years

they have been a standard household remedy. They are the pure, original, imported Hairium oil, your kidneys, bladder and intestines are harmed.

The healing, soothing effects

seeks into the cells and tissues of the kidneys and bladder through the bladder.

It is the kidneys and bladder which will keep you healthy.

Do not delay a minute. before taking a dose.

Do not delay a minute, especially dangerous kidney trouble.

All drugs are represented.

They will refund the money if not

represented. in three months.

Ask for the original Gold Medal.

Accept no imitations.

Worthy of Thought.

A quiet mediocrity is still to be preferred before a troubled superiority.

It is by reasoning that we arrive at the reason of things.

**PNEUMONIC PLAGUE
CAUSES HEAVY TOLL
OF DEATH IN CHINA**

(BY ASSOCIATED PRESS.)

Peking, March 28.—In spite of strict quarantine measures adopted somewhat reluctantly by Chinese authorities, the pneumonia plague which has been prevalent for several weeks in northern China and Inner Mongolia continues apprehension in the capital. The total deaths now run into thousands.

The proximity of the infected districts to the capital Shansi is the adjoining province on the west—and its direct rail connection make the danger of the infection reaching Peking a very real one.

It is due to the efforts of Dr. Charles D. Tenney, Chinese secretary of the American legation; S. Barton, Chinese secretary of the British legation; Captain Delbet of the French legation, and Dr. Plummer of the Japanese legation, acting as a committee representing the diplomatic corps, who upon themselves the work of investigating and making recommendations to the central government, that the scourge is still more or less confined to northern Shansi.

On their recommendation General Ciang, former chief of Peking gen-

eral staff, was appointed chief of the plague committee in active charge of establishing quarantining regulations. Traffic on the Peking-Kalgan railway was suspended and strict inspection instituted on the Peking-Hankow line. Quarantine stations have provided at all approaches through the great wall and staffs of experienced men sent into the district to investigate and isolate so far as possible all suspected cases.

Dr. Young, head of the Union Medical college, and several other foreign doctors have volunteered their services and the fighting the plague.

A report compiled by Shansi provisional magistrates covering fourteen towns showed that up to Jan. 27 there had been 282 deaths; and this represents a small area of the infested territory.

Great difficulty was experienced at the inception of the quarantining campaign due to superstitious aversion by the populace to efforts of foreign investigators. Drs. Eckfeldt and Lewis, after an autopsy had been performed to prove to the public that it certifies the existence of the plague, were beaten to their quarters for several days by a mob led by the father of the suspect in question. Local opposition now has been over come to some degree and efforts of the central government agents are meeting with better success.

Large assortment of attractive travel literature just received at Gazette Travel Bureau.

**MAINE REPUBLICANS
IN SESSION TODAY**

(BY ASSOCIATED PRESS.)

Portland, Me., March 28.—The political pot in Maine began to sizzle today with the holding of the state Republican convention in this city. The Democrats are due to hold their convention here on April 1.

Col. Theodore Roosevelt, having made such rapid recovery since his recent illness, is scheduled to make the principal address before the Republican meeting. Former Governor Martin H. Glynn of New York has been selected to deliver the principal address before the Democratic convention. His address will be on national affairs.

Candidates for the spring elections, and several candidates have filed their preliminary nomination papers.

Gov. Carl E. Milliken, who was elected a year ago, has been reelected by the second largest vote ever polled in the state. He announced himself as a candidate for renomination in the Republican primaries which will be held on the third Monday in June.

It looks as if the nominee of the Democratic party for governor would be Bertrand G. McIntire of East Waterford. Mr. McIntire is a former chairman of the Boston state assess-

ors, a former member of the legislature and a former sheriff of Oxford county.

The Republican fight for United States senator will probably be made by ex-Congressman Frank E. Fernald of Dover, who was defeated in the primaries two years ago by the present senator, Bert M. Bernhard of West Polk.

Senator Fernald has already filed his papers for renomination.

Obadiah Gardner of Rockland will make the fight for the United States senate for the Democratic party. Mr. Gardner was the Democratic candidate for governor in 1908 and was defeated in the Democratic convention in 1910 at Augusta by ex-Governor Frederick W. Plaisted.

Cossack Superstition.

Among the numerous superstitions of the Cossacks there is a belief that they will enter heaven in a better state of moral purity if they are personally clean when killed in battle.

Had Enough.

"Oh, curse these organ recitals," cried the student, as the zoology lecturer reached for another cat.

Froth.

Clean out the attic by getting rid of odds and ends stored there. A little classified ad will do the trick.

Read the classified ads.

**FAVOR LENROOT IN
SENATORIAL FIGHT**

Milwaukee, Wis., March 28.—Lenroot is the favorite over Davies in the United States Senatorial race on the downtown betting boards. The Lenroot men are willing to give odds of 5 to 4, but Davies backers are demanding 10 to 6.

One bet of \$1 to 40 has been posted on Lenroot but has not been taken. Davies' supporters indicated their stand by posting a bet demanding 100 against 60, which is also still on the boards. No large bets have been posted.

Berger is far behind in the grand total of the betters. There is on bet of 5 to 2 that he will not be elected and another of 100 to 25. Neither has been taken.

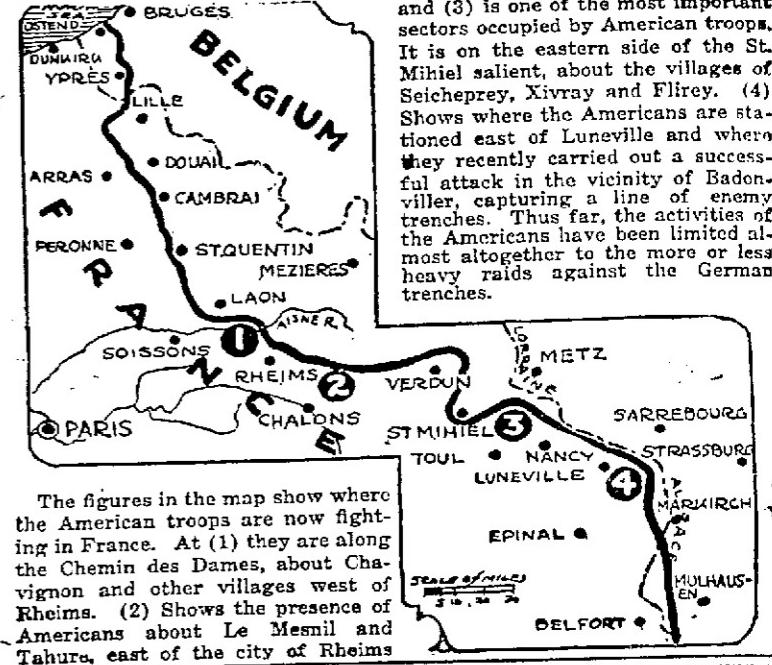

The betting also forecasts a close race between Hoan and Braman for mayor with the former as a slight favorite.

Magnet Lifts Great Weight.

A seven-pound electro magnet that will lift 15 times its own weight has been invented for many uses about machine shops.

**SHOWING THE POSITIONS AMERICANS
NOW OCCUPY ON WESTERN FRONT**

and (3) is one of the most important sectors occupied by American troops. It is on the eastern side of the St. Mihiel salient, about the villages of Seicheprey, Xivray and Flirey. (4) Shows where the Americans are stationed east of Lunéville and where they recently carried out a successful attack in the vicinity of Badonviller, capturing a line of enemy trenches. Thus far, the activities of the Americans have been limited almost altogether to the more or less heavy raids against the German trenches.

The Golden Eagle Levy's

Beautiful New Suits for Easter

Specially Priced at

The Coats for Spring Are Very Graceful In Line Priced Specially at \$16.50 to \$35.00

The practical utility coats of tricotine, gabardine, and sorgo are meeting very strong favor and full selections of these graceful models, full length and 40 to 45 inches, await your selection.

Caps are sent us from some of the highest class houses in New York—distinguished garments in tans, browns, castor, and khaki.

One of the recent coat ideas is the sleeveless coat and we have some examples to show those who want the newest, while it is new.

Sport coats in velveteen, satin and silk in bright snappy colors are now in full bloom and outing and motoring coats in taffeta and satin are just coming into the department at this writing.

These are coat days for all well dressed folk and the problem of selection is best solved in our coat section.

It's A Season of Dainty Neckwear

The daintiest rolling collars of organdy with cuffs to match, smart guimpes and waist-coat effects are in demand everywhere.

The shades are among the most fetching—the delicate blues and cream Banana colors being highly favored.

Guimpes—many models being almost waists without sleeves—are distinctly smart styles. Most guimpes also have cuffs to match.

Special values.....25c to \$2.50

These new arrivals are chic and right up to the minute in style. Many people took advantage of the low prices and bought today. We have more to offer you at these prices. If you will come and look we know you will be pleased.

An Impressive GLOVE DISPLAY

Whatever is available in the glove market this store has secured for the benefit of its trade.

That we have succeeded well, tomorrow's impressive glove display will demonstrate.

The display will include prevailing styles in silk, chamois, suede, mocha, kid and washable cape gloves.

Two outstanding features of the display are:

- 1—The beautiful colors and the numbers of varying shades and
- 2—The fine quality and workmanship.

Brilliant Showing in the Waist Section

Fine qualities, original designs, and a great variety are factors that have built popularity for this waist business.

The models now coming in are the newest and smartest developments, on the one hand of the extremely smart tailleur models with the high collars shown in crepe de chine or fine taffeta, and on the other hand of the charming and graceful open neck models in georgette.

Entrancing New Styles in Spring and Summer DRESSES

Street dresses of serges, wool scrims, wool jersey, tricotine and gabardine in many smart styles are much to the front and so important a place do they occupy in the practical garments for every day wear that every one, it would seem, must choose at least one.

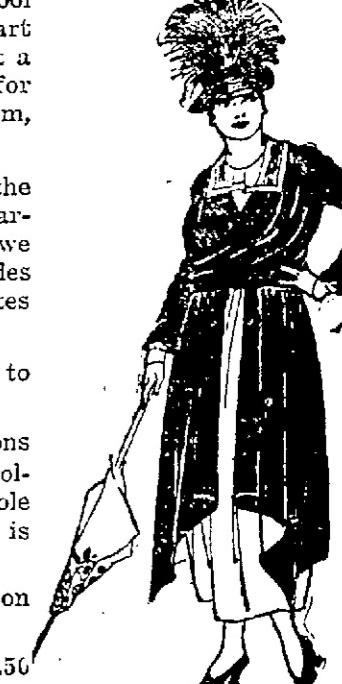

A feature that is becoming apparent in the new cotton linen and other frocks which are arriving rapidly, is that colors will lead—and we have a large list for selection with pastel shades prominent, according to the very special dictates of "Madam la mode."

The silk frocks are "stronger than ever," to use the words of one who is "fashion wise."

As to the lines of the styles, the combinations of materials, the very beautiful contrasts of colors and trimmings, you will feel that the whole effect of so many new ideas we can show you is entrancing indeed.

Some special numbers at modern prices go on sale tomorrow.

Silk Petticoats, \$2.50 to \$7.50

Silk Hosiery

Quality yarns to start with, latest model knitting machines to make them, the closest of inspection that keeps all but absolutely perfect goods out of the line.

Such is the policy of the knitting mills making our standard of silk hosiery, and as a result people know our silk hosiery is GOOD.

Tomorrow we hold a hosiery display showing many fine lines in all the best of the season's shades.

Prices 59c to \$2.00
